Loveland PD Policy Manual

PREFACE

This Policy Manual for the Loveland Police Division is a living document, and as such will require regular review and updates. A policy document is necessary for the efficient and effective operation of the Police Division. It is a guide to thought and action that should be the first information resource for officers.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice. I will be honest and forthright and never speak falsely or be dishonest.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice. I will never knowingly give false statements or purger myself.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession . . . law enforcement.

100.2.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE LOVELAND POLICE DEPARTMENT

The arrest authority of any peace officer extends outside the limits of the employing authority pursuant to mutual aid agreements (see the Mutual Aid and Outside Agency Assistance Policy), an arrest warrant or a felony. Such authority also extends during a fresh pursuit in which the following apply (ORC § 2935.02; ORC § 2935.03(D); ORC § 2935.04):

- (a) The pursuit takes place without unreasonable delay after the offense is committed.
- (b) The pursuit is initiated within the limits of the employing authority.

100.3 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended within adjoining states:

- (a) As applicable under interstate compacts and memorandums of understanding in compliance with the laws of each state.
- (b) When an officer enters Indiana, Michigan or West Virginia in fresh pursuit of a person who is in the immediate and continuous flight from the commission of a felony, or in the case of Pennsylvania, in fresh pursuit of a person for any crime (I.C. § 35-33-3-1 (Indiana); MCL 780.101 (Michigan); 42 Pa. C.S. § 8922 (Pennsylvania); W. Va. Code § 62-11-1 (West Virginia)).

Law Enforcement Authority

100.4 FEDERAL RESERVATIONS

Any federal peace officer has jurisdiction regarding federal buildings, grounds and property pursuant to 18 USC § 13 and 40 USC § 1315.

- (b) An Indian who committed an offense has been punished by the local law of the tribe.
- (c) An Indian tribe has been granted exclusive jurisdiction by stipulation of a treaty.

An officer of the Loveland Police Department has exclusive jurisdiction over a crime committed on Indian reservations by a non-Indian against another non-Indian absent treaty provisions to the contrary.

100.5 CONSTITUTIONAL REQUIREMENTS

All members shall observe and comply with every person's clearly established rights under the United States and Ohio Constitutions.

100.6 POLICY

It is the policy of the Loveland Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

Chief Executive Officer

101.1 PURPOSE AND SCOPE

All law enforcement Chief Executive Officers employed within the State of Ohio are required to meet specific requirements for appointment. This policy provides guidelines for the appointment of the Chief Executive Officer of the Loveland, who is required to exercise the powers and duties of the office as prescribed by state law.

Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Loveland Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Loveland Police Department reserves the right to revise any policy content, in whole or in part.

Any Departmental Directives issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01." The City has prepared, in compliance with State of Ohio requirements, an Emergency Management Plan (ORC § 5502.26, ORC § 5502.27 and ORC § 5502.271). This plan is for the guidance and use by all employees in the event of a major disaster, civil disturbance, mass arrest or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

202.2 ACTIVATING THE EMERGENCY MANAGEMENT PLAN

The Emergency Management Plan can be activated by the City Manager.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Management Plan is activated, all employees of the Loveland Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 LOCATION OF MANUALS

The Emergency Management Plan manual for employees is available in the Chief's office and the City of Loveland intranet site.

202.4 PLAN REVIEW

The City Manager or designee shall review the Emergency Management Plan manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS) and appropriately address any revisions.

202.5 PLAN TRAINING

The Department shall provide training in Critical Incident Response and in the Emergency Management Plan for the Chief of Police, Systems Manager, and all supervisors. The Police Chief, Systems Manager, and all supervisors should familiarize themselves with the Emergency Management Plan and the roles LPD personnel will play when the plan is implemented.

Training Policy

203.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will meet Department or nationally recognized standards and provide for the professional growth and continued development of its personnel. By doing so, the Department seeks to ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the public.

203.1.1 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standard: 12.2016.4

[See attachment: OCLEAC Standards Compliance Checklist Updated 2017.pdf](#)

203.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever reasonably possible, the Department will use courses approved for Continuing Professional Training (CPT) credit (if CPT is required by OPOTC) or recognized by other regulatory or nationally recognized entities.

203.3 OBJECTIVES

The objectives of the training program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of Department personnel.
- (c) Provide for continued professional development of Department personnel.
- (d) Assist in compliance with statutory requirements.

203.4 TRAINING PLAN

It is the responsibility of the Professional Standards Lieutenant to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and Department required training is completed by all employees. The plan shall include a systematic and detailed method for recording and logging of all training for all personnel. While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Professional Standards Lieutenant shall review the entire training plan on an annual basis. The plan will include information on curriculum, training material, training facilities, course and student scheduling. The plan will address the state-required minimum mandated training of sworn officers or hiring of non-sworn employees.

Training Policy

Training listed may be provided in basic training programs. The Professional Standards Lieutenant is responsible for ensuring members of the Department have been trained as required.

203.4.1 STATE-MANDATED TRAINING

State training requirements include, but are not limited to:

- (a) Peace officer basic training program pursuant to OAC § 109:2-1-13 and OAC § 109:2-1-16, including training in:
 - 1. Handling of missing children, missing persons, child abuse and neglect cases (ORC § 109.741).
 - 2. Crisis intervention (ORC § 109.742).
 - 3. Domestic violence-related cases and incidents (ORC § 109.744).
- (b) Continuing professional training, as directed by the Ohio Peace Officer Training Commission (ORC § 109.803).
- (c) Annual firearms requalification (ORC § 109.801).

203.5 TRAINING NEEDS ASSESSMENT

The Training unit will conduct an annual training needs assessment and complete a report of the training needs assessment. The report will be provided to the Chief of Police for approval. The needs assessment will form the basis for the training plan for the following fiscal year. The report is due before September 1st.

203.6 TRAINING REVIEW BOARD

The Professional Standards Lieutenant shall establish a Training Review Board, which will serve to assist with identifying training needs for the Department.

The Training Review Board should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Review Board should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Review Board shall convene on a regular basis as determined by the Chief of Police or designee to review the identified incidents. The board shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Professional Standards Lieutenant. The recommendation should not identify specific facts of any incidents,

Training Policy

such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Chief of Police or designee will consider the recommendations of the board and determine what training should be addressed, taking into consideration the mission of the Department and available resources. The Training Review Board may be combined with the Use of Force Review Board under policy 301. [Loveland PD Policy Manual: 301.4 REVIEW BOARD](#)

203.7 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:
 - 1. Court appearances
 - 2. Compensatory, vacation, or other leave
 - 3. Sick leave
 - 4. Physical limitations preventing the employee's participation
 - 5. Emergency situations
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
 - 2. Document his/her absence in Aladtec.
 - 3. Make arrangements through his/her supervisor and the Professional Standards Lieutenant to attend the required training on an alternate date.

203.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are a web-accessed system that provides training on the Loveland Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Professional Standards Lieutenant. Personnel assigned to participate in DTBs should only use the password and login name assigned by the Professional Standards Lieutenant.

Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should logoff the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed

during extended absences (e.g., vacation, medical leave) upon returning to duty. The DTB system can be accessed from any Internet active computer and employees shall take DTBs as part of their on-duty assignment.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

203.9 TRAINING RECORDS

The Professional Standards Lieutenant is responsible for the creation, filing and storage of all training records. Training records shall be retained in compliance with the current Records Retention Schedule.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (e-mail) system provided by the Department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law (e.g., Ohio Open Records Law). Messages transmitted over the e-mail system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department.

204.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including attachments, transmitted over the Department networks or through a web browser accessing the Department system are considered Department records and therefore are the property of the Department. The Department reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its e-mail system or placed into its storage.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. All e-mail is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular e-mail communication, the user should seek prior approval from the Chief of Police or designee. Personal advertisements or announcements are not permitted.

It is a violation of this policy to transmit a message under another user's name or e-mail address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password.

204.4 MANAGEMENT OF E-MAIL

Because the end user e-mail system is not designed for, nor does it support, long-term retention and archiving of messages, e-mail that an employee desires to save or that requires retention because it has significant administrative, fiscal, legal or historical value should be printed and/or stored in another database designed for long-term storage and retrieval.

Loveland Police Department

Loveland PD Policy Manual

Electronic Mail

Users of e-mail are solely responsible for the management of their mailboxes.

All messages over one month since receipt or transmission may be deleted or archived automatically at regular intervals from the main e-mail server archive by the information technology staff in accordance with the current Records Retention Schedule.

204.4.1 EMAIL FOLDERS

Employees shall have at least two folders to manage emails. The first folder is the "In-box" where all new emails are first viewed. Other folders shall be created and named by the employee as appropriate and organized in a manner that is efficient for the needs and demands of the employees position.

Emails to be retained are to be promptly moved to a folder other than the In-box. All emails that are not Transitory Records, Correspondence, or Voice Mails shall be moved out of the "In Box." The City's exchange server is programmed to erase deleted emails conforming to the City's record retention policy.

204.5 ELECTRONIC MESSAGING

For the purposes of this section "electronic messaging" means any text message, application, short message service, or other electronic communication used to send information and elicit an immediate response. All official City of Loveland business conducted by electronic messaging should be on devices owned, or authorized by, the City of Loveland. Employees may, for convenience, use their personal electronic device for electronic messaging but may only send Transitory Information in accordance with the City of Loveland Record's Retention Schedule (RC2.) Employees will not be compensated for any use of their personal electronic devices for convenience.

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 MEMORANDUMS

Memorandums may be issued periodically by the Chief of Police, Lieutenant, Systems Manager, or designee to announce and document all promotions, transfers, hiring of new personnel, separations, individual and group awards and commendations, or other changes in status. They may also be used to document official correspondence when email is not appropriate.

205.3 OFFICIAL CORRESPONDENCE

To ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the sender. Use of letterhead requires approval of the Chief of Police, Lieutenant, or Systems Manager. Department letterhead may not be used for personal use or purposes.

This section shall not apply to emails or other routine correspondence by LPD members.

205.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police.

Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Department.

The Department may cancel leave and require work assignments to meet operational needs in conjunction with the current collective bargaining agreement.

206.2 OPERATIONS STAFFING LEVELS

Although minimum staffing levels have not been formally established, whenever possible, at least 2 officers should be scheduled on-duty and dedicated to road patrol coverage at any given time. Shift Lieutenants are responsible for maintaining staffing on their assigned shifts.

The Chief of Police will ensure the work schedule maximizes supervisor coverage.

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training, scheduling, and other unforeseen circumstances, an officer may be used as an Officer in Charge in lieu of a supervisor.

With prior authorization from the Shift Lieutenant, an officer may act as an Officer In Charge for a limited period of time in accordance with the terms of applicable collective bargaining agreements.

206.3 INVESTIGATIONS STAFFING LEVELS

The Investigations Section Lieutenant is responsible for maintaining staffing within the Investigations Section. This includes training requests. The day shift supervisor may approve leave requests.

206.4 ADMINISTRATIONS STAFFING LEVELS

The Systems Manager is responsible for maintaining staffing within the Administrative Section. This includes approving training and leave requests. The Systems Manager will ensure maximum coverage during established business hours.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.1.2 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standards: 8.2015.1

[See attachment: OCLEAC Standards Compliance Checklist 8.2015.1.pdf](#)

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

Use of Force

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any officer who has reasonable cause to believe that the person to be arrested has committed a crime or public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance. An officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested, nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.

Use of Force

- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

Use of Force

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Loveland Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

- 1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
- 2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should

Use of Force

articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the Conducted Energy Device (CED) or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION

As soon as practical, medical assistance shall be obtained for every person who the application of force is required. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain

Use of Force

(sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT LIEUTENANT RESPONSIBILITY

The Shift Lieutenant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding, at least annually, including use of deadly force, use of force and use of deadly force reporting, and use of force and use of deadly force reviews/investigations.

300.9 USE OF FORCE ANALYSIS

At least annually, the Professional Standards Lieutenant will prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

This analysis can be combined with the Training Review Board under policy 203 and the Use of Force Review Board under policy 301.

[Loveland PD Policy Manual: 203.6 TRAINING REVIEW BOARD](#)

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Loveland Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Loveland Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board will be convene at least annually in investigate all use of force incidents.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, TASER device or use of defensive tactic, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board convene to investigate the circumstances surrounding any use of force incident.

The Professional Standards Lieutenant will serve as chairperson. The chairperson will convene the Use of Force Review Board as necessary. The supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Use of Force Review Board shall be comprised of the following persons:

The officer's supervisor

The defensive tactics and/or firearms Professional Standards Lieutenant

The investigating supervisor

Loveland Police Department

Loveland PD Policy Manual

Use of Force Review Boards

If the investigating supervisor is the same as the officers' supervisor, a different supervisor may be included.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Section Lieutenant for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Loveland Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Loveland Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery should be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When practicable, handcuffs shall be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be

Handcuffing and Restraints

obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

Handcuffing and Restraints

- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 DEPARTMENT DESIGNATION

The Professional Standards Lieutenant is responsible for training and documentation under this policy.

302.10 TRAINING

Subject to available resources, the Professional Standards Lieutenant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

Loveland Police Department

Loveland PD Policy Manual

Handcuffing and Restraints

- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Loveland Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 KINETIC ENERGY PROJECTILE GUIDELINES

The Professional Standards Lieutenant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified regularly.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

Control Devices and Techniques

303.4.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.4.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the

Control Devices and Techniques

officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.4.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.5 RESPONSIBILITIES

303.5.1 SHIFT LIEUTENANT RESPONSIBILITIES

The Shift Lieutenant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.5.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.5.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

Control Devices and Techniques

303.6 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 TRAINING FOR CONTROL DEVICES

The Professional Standards Lieutenant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified regularly.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

Control Devices and Techniques

- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.9 DEPARTMENT DESIGNATION

The Department designates the term "Equipment Belt" in this policy as the outer uniform belt or outer vest carrier for all control devices except the conducted energy device (ECD.) The ECD shall be worn on the outer uniform belt only.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Energy Device (CED)s.

304.2 POLICY

The Conducted Energy Device (CED) is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the Conducted Energy Device (CED).

Officers shall only use the Conducted Energy Device (CED) and cartridges that have been issued by the Department. Uniformed officers who have been issued the Conducted Energy Device (CED) shall wear the device in an approved holster on their person. Non-uniformed officers who carry a TASER shall wear the device in an approved holster on their person.

Members carrying the Conducted Energy Device (CED) will perform a spark test within 15 minutes of beginning every shift. The member will let the Conducted Energy Device (CED) X26 cycle for the entire 5 seconds. Members carrying the X2 will spark test according to training and manufacturer recommendations. Conducted Energy Device (CED) firing data will be downloaded bi-annually.

When carried while in uniform, officers shall carry the Conducted Energy Device (CED) on the side opposite the duty weapon.

- (a) All Conducted Energy Device (CED)s shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Officers will carry a total of two TASER Device cartridges on their person at all times when carrying a TASER Device. One cartridge will be loaded in the TASER and the second cartridge will be carried in the cartridge holder on the extended battery pack. This does not apply to officers carrying the TASER X2 device. Officers carrying the X2 will ensure that both cartridges are loaded in the device.
- (c) Officers shall be responsible for ensuring that their issued Conducted Energy Device (CED) is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the Conducted Energy Device (CED) at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the Conducted Energy Device (CED) should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

Conducted Energy Device

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the Conducted Energy Device (CED) may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the Conducted Energy Device (CED). The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the Conducted Energy Device (CED) in the related report.

304.5 USE OF THE CONDUCTED ENERGY DEVICE (CED)

The Conducted Energy Device (CED) has limitations and restrictions requiring consideration before its use. The Conducted Energy Device (CED) should only be used when its operator can safely approach the subject within the operational range of the device. Although the Conducted Energy Device (CED) is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE CONDUCTED ENERGY DEVICE (CED)

The Conducted Energy Device (CED) may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent; or
- (b) The subject is physically resisting with physical movements to defeat the officer's attempt at control. Some examples include, but are not limited to, bracing, tensing, or pushing; or
- (c) The subject has demonstrated, by words or action, an intention to be violent or to actively resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Flight from a pursuing officer, without other known circumstances or factors, is not physically resisting, and is not good cause for the use of the Conducted Energy Device (CED) to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the Conducted Energy Device (CED) on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

Conducted Energy Device

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the Conducted Energy Device (CED) in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The Conducted Energy Device (CED) shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the Conducted Energy Device (CED) probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CONDUCTED ENERGY DEVICE (CED)

Officers should apply the Conducted Energy Device (CED) for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the Conducted Energy Device (CED) against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the Conducted Energy Device (CED) appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the Conducted Energy Device (CED), including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Conducted Energy Device

Officers should generally not intentionally apply more than one Conducted Energy Device (CED) at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all Conducted Energy Device (CED) discharges. The cartridge serial number should be noted and documented on the necessary paperwork. The TASER cartridge, probes and wire should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The Conducted Energy Device (CED) may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department Conducted Energy Device (CED)s while off-duty.

Officers shall ensure that Conducted Energy Device (CED)s are secured while in their homes, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

All TASER Device discharges shall be documented in the related report and notification made to a supervisor in compliance with the Use of Force Policy. Negligent discharges of a TASER Device cartridge will also be documented in the Supervisor Supplemental Log. Any report documenting the discharge of a TASER Device cartridge will include the cartridge serial number and an explanation of the circumstances surrounding the discharge. The on board TASER Device memory will be downloaded through the data port by a supervisor or TASER instructor and saved with the related report. Photographs will be taken of the probe sites and the expended cartridge, probes, and wire.

304.6.1 TASER DEVICE FORM

Items that shall be included in the Conducted Energy Device (CED) Response to Resistance form are:

- (a) The type and brand of Conducted Energy Device (CED) and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) The number of Conducted Energy Device (CED) activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (d) The range at which the Conducted Energy Device (CED) was used.

Conducted Energy Device

- (e) The type of mode used (probe or drive-stun).
- (f) Location of any probe impact.
- (g) Location of contact in drive-stun mode.
- (h) Whether medical care was provided to the subject.
- (i) Whether the subject sustained any injuries.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove Conducted Energy Device (CED) probes from a person's body. Used Conducted Energy Device (CED) probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by Conducted Energy Device (CED) probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The Conducted Energy Device (CED) probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be

Conducted Energy Device

witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the Conducted Energy Device (CED).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the Conducted Energy Device (CED) may be used. A supervisor will respond to all incidents where the Conducted Energy Device (CED) was activated. If no supervisor is on duty the OIC will contact a supervisor to respond and investigate the incident.

A supervisor will investigate each incident where a person has been exposed to an activation of the Conducted Energy Device (CED). The device's onboard memory should be downloaded through the data port by the supervisor and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

The supervisor will complete the Response to Resistance report in the ALERT RMS system and attach all other documentation to the report including any taped statements or photographs.

The supervisor should include the following in the report: Identification of all personnel firing Conducted Energy Device (CED)s Identification of all witnesses Medical care provided to the subject Observations of the subject's physical and physiological actions Any known or suspected drug use, intoxication or other medical problems

304.9 TRAINING

Personnel who are authorized to carry the Conducted Energy Device (CED) shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the Conducted Energy Device (CED) as a part of their assignment for a period of six months or more shall be recertified by a department-approved Conducted Energy Device (CED) instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued Conducted Energy Device (CED)s should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Professional Standards Lieutenant. All training and proficiency for Conducted Energy Device (CED)s will be documented in the officer's training file.

Command staff, supervisors and investigators should receive Conducted Energy Device (CED) training as appropriate for the investigations they conduct and review.

Officers who do not carry Conducted Energy Device (CED)s should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

Conducted Energy Device

The Professional Standards Lieutenant is responsible for ensuring that all members who carry Conducted Energy Device (CED)s have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of Conducted Energy Device (CED)s during training could result in injury to personnel and should not be mandatory for certification.

The Professional Standards Lieutenant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the Conducted Energy Device (CED) and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the Conducted Energy Device (CED).
- (h) Demonstration of proper loading and unloading of cartridges, and the drawing and reholstering of the TASER.

304.10 DEPARTMENT DESIGNATION

The Department designates the Response to Resistance report, or related narrative, in the Alerts Public Safety Solutions (APSS) software for all "reports" and "forms" under this policy. The terms "Conducted Energy Weapon," "Conducted Energy Device," "Axon" and "Taser" have the same meaning under this policy.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Loveland Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Loveland Police Department would control the investigation if the suspect's crime occurred in Loveland.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines for use in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved LPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved LPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any LPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident

Loveland Police Department

Loveland PD Policy Manual

scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Lieutenant and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional LPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved LPD officer should be given an administrative order not to discuss the incident with other involved officers or LPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 SHIFT LIEUTENANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Lieutenant shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Investigations Section Lieutenant.

All outside inquiries about the incident shall be directed to the Shift Lieutenant.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigations Section Lieutenant
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Officer representative

All outside inquiries about the incident shall be directed to the Shift Lieutenant.

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.

Loveland Police Department

Loveland PD Policy Manual

Officer-Involved Shootings and Deaths

1. Involved LPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-LPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved LPD officer. A licensed psychotherapist may also be provided to any other affected LPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved LPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Lieutenant to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The County Prosecutor's Office will be notified of any officer-involved shooting or death. The Ohio Bureau of Criminal Investigation will also be notified to assist in the investigation.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the County Prosecutor's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Officer-Involved Shootings and Deaths

- (a) LPD supervisors should not participate directly in any voluntary interview of LPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED LPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved LPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved LPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations Section supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the County Prosecutor's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the County Prosecutor's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations Section supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Section Lieutenant.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved LPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Lieutenant and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

Officer-Involved Shootings and Deaths

- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Professional Standards Lieutenant shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

Officer-Involved Shootings and Deaths

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Loveland Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Chief of Police is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order (ORC § 2317.02).

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory personnel.

305.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Lieutenant, Investigations Section Lieutenant and Chief of Police in the event of inquiries from the media.

No involved LPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Section Lieutenant.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.1.1 AUTHORIZATION TO CARRY FIREARMS

Only sworn personnel who have met all state standards and have been authorized by the Chief of Police shall have the peace officer privilege to carry a firearm both on- and off-duty.

306.2 POLICY

When not deployed, the shotgun shall be properly secured in a locking weapons rack in the patrol vehicle consistent with department training.

Firearms

306.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the Smith and Wesson AR 15 platform. The Chief may authorize a member to carry a personally owned rifle from an approved manufacturer that meets agency specifications and has been inspected and approved by the Rangemaster.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.

When not deployed, the patrol rifle shall be properly secured in a locking weapons rack in the patrol vehicle consistent with department training.

306.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Police or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

- (a) The firearm shall be in good working order and on the department list of approved firearms.
- (b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.
- (d) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.
- (e) Personally owned firearms may not be carried while in uniform.

Loveland Police Department

Loveland PD Policy Manual

- (c) The purchase of the handgun shall be the responsibility of the member unless the handgun is provided by the Department.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.

Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

306.3.7 AUTHORIZED CARRY IN COURT FACILITIES

Carrying of a firearm by officers into courtrooms or court buildings is subject to local court security rules and shall only be permitted while the officer is acting within the scope of his/her duties (as determined by the Chief of Police) (ORC § 2923.123).

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

Firearms

306.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

306.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.

- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the temporary holding facility or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the temporary holding facility to persons from outside agencies are responsible for ensuring firearms are not brought into the temporary holding facility.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

Firearms

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment (ORC § 2923.15).

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete department mandated training with their duty firearms. In addition to any department mandated training, all members will qualify at least annually with their duty firearms on a course approved by the Ohio Peace Officer Training Commission (POTC) (ORC § 109.801). Members will qualify with off-duty and secondary firearms the same as on-duty firearms. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting as well as training on the Department Use of Force Policy.

Instructors conducting firearms qualifications are required to have the approval of the POTC director as well as certification issued by the POTC (OAC § 109:2-13-04).

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Firearms

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action. In addition, the member may not carry a firearm until qualification is achieved (ORC § 109.801).

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Section Lieutenant or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Device (CED), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

Firearms

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. Injured domestic animals or livestock should be euthanized after a reasonable search to locate the owner has been made.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Professional Standards Lieutenant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personal firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Professional Standards Lieutenant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Professional Standards Lieutenant.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

Loveland Police Department

Loveland PD Policy Manual

Firearms

- (b) Officers must carry their Loveland Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Loveland Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Loveland Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Loveland Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

Loveland Police Department

Loveland PD Policy Manual

Firearms

- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement from other states are subject to all requirements set forth in 18 USC § 926B.

306.11 DEPARTMENT DESIGNATION

The Department designates Armory 50 as the "equipment storage room" under this policy.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (ORC § 2935.031).

307.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.2 DEFINITIONS

Definitions related to this policy include:

Vehicle Pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Blocking or Vehicle Intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing In - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Vehicle Pursuits

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Tire Deflation Device, Spikes or Tack Strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

307.3 OFFICER RESPONSIBILITIES

It is the policy of this department that a vehicle pursuit shall be conducted with at least one red or blue flashing, rotating or oscillating light, visible under normal atmospheric conditions from a distance of 500 feet to the front of, and a siren activated on an authorized emergency vehicle (ORC § 4513.21, ORC § 4511.01(D) and ORC § 4511.041).

The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer (ORC § 2921.331(B)).

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

Vehicle Pursuits

- (g) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ORC § 4511.45(B)).

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

Vehicle Pursuits

- (d) The pursuit vehicle suffers an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.
- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) The hazards to uninvolved bystanders or motorists
- (g) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risk associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (h) When directed to terminate the pursuit by a supervisor.
- (i) The fleeing vehicle has left the state (see 100.3 - Interstate Peace Officer Powers)

307.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit (ORC § 4511.24):

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

307.4 PURSUIT UNITS

Pursuit units should be limited to two vehicles. However, the number of units involved will vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

The Loveland Police Department generally discourages engaging in a pursuit with an unmarked vehicle. However, in extreme circumstances, where it is necessary to protect life, it may be reasonable to do so. Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit as soon as possible.

Vehicle Pursuits

307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with a red or blue emergency light and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws (ORC § 4511.041 and ORC § 4513.21).

307.4.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify the Communications Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

307.4.3 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

Vehicle Pursuits

307.4.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (ORC § 4511.03).
- (c) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (d) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an available air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspect.
- (e) Notify the Ohio State Highway Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (f) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

307.4.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary unit and secondary unit should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

Vehicle Pursuits

307.4.6 PURSUIT TRAILING

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

307.4.7 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. The primary and secondary ground units should consider whether the participation of an aircraft warrants their continued involvement in the pursuit.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department. The field supervisor of the officer initiating the pursuit, or if unavailable, the officer in charge will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notifying involved officers and Northeast Communications Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines.
- (b) Exercising management and control of the pursuit.
- (c) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (d) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (e) Ensuring that aircraft assistance is requested, if available.
- (f) Ensuring that the proper radio channel is being used.
- (g) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (h) Controlling and managing LPD units when a pursuit enters another jurisdiction.
- (i) Preparing a post-pursuit report of the pursuit. See 307.5.1

Vehicle Pursuits

307.5.1 SHIFT SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The shift supervisor has the final responsibility for the coordination, control and termination of a motor vehicle pursuit and shall be in overall command.

The shift supervisor shall review all pertinent reports for content and notify the Chief of Police. The shift supervisor should complete the appropriate Alert Public Safety Solutions report.

At minimum the reports should include:

- A list of all persons and vehicles involved
- A copy of all pertinent radio traffic, 911 calls, or other communications
- All pertinent video and audio recordings
- Witness statements from all witnesses
- A brief synopsis of the pursuit

307.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.6.1 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Loveland Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless continued assistance of the Loveland Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

Vehicle Pursuits

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Loveland officers assisting another agency should assume the secondary role unless the initiating agency requests otherwise. Likewise, Loveland officers initiating a pursuit will continue to be the primary unit even when other units are assisting unless we specifically relinquish responsibility of the pursuit to another agency.

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor or officer in charge should consider these additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practicable, a supervisor or the officer in charge should review a request for assistance from another agency. The officer in charge or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the City limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the outside agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

Vehicle Pursuits

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

307.8.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor or officer in charge. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

It is imperative that officers act within legal bounds using good judgment and accepted practices.

307.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risk involved, this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.

Loveland Police Department

Loveland PD Policy Manual

Vehicle Pursuits

4. The target vehicle is stopped or traveling at a low speed.
 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the PIT will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

- (d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Tire deflation devices should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the officer shall notify pursuing units and the supervisor of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially

Vehicle Pursuits

outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations.

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) The primary officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining available information, the on-duty supervisor shall promptly complete an Supervisor Review Narrative briefly summarizing the pursuit to the Chief of Police or designee. This narrative should minimally contain the following information:
 - 1. Date and time of pursuit.
 - 2. Length of pursuit in distance and time.
 - 3. Involved units and officers.
 - 4. Initial reason and circumstances surrounding the pursuit.
 - 5. Starting and termination points.
 - 6. Alleged offense, charges filed or disposition: arrest, citation or other release.
 - 7. Arrestee information should be provided if applicable.
 - 8. Injuries and/or property damage.
 - 9. Medical treatment.
 - 10. The outcome of the pursuit.
 - 11. Name of supervisor handling or at the scene.
 - 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.

Loveland Police Department

Loveland PD Policy Manual

Vehicle Pursuits

- (e) Annually, the Chief of Police should direct a documented review and analysis of Department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn employees will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.9.2 POLICY REVIEW

Sworn members of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments (ORC § 2935.031).

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

308.2 RESPONSE TO CALLS

Officers responding to an emergency call shall proceed immediately. Officers responding to an emergency call shall continuously operate emergency lighting equipment and shall sound the siren (ORC § 4511.041).

Responding with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ORC § 4511.041, ORC § 4511.45(B) and ORC § 4511.452(A)). The use of any other warning equipment without emergency lights and siren does not provide any exemption from the Ohio motor vehicle laws.

Officers should only respond as an emergency call response when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not responding as an emergency call response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency as an emergency call response. The Shift Lieutenant or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

Officer Response to Calls

308.4 INITIATING EMERGENCY CALL RESPONSE

Emergency responses of more than one unit should include, if circumstances reasonably permit, coordinating the response of the second unit to avoid any unanticipated intersecting of response routes.

An emergency call response of more than two units should initiate notification by Northeast Communications Center to the Shift Supervisor. The Supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

308.5 RESPONSIBILITIES OF RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call officers may (ORC § 4511.041):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (ORC § 4511.03).
- (b) Exceed any speed limits, provided this does not endanger life or property (ORC § 4511.24).
- (c) Disregard regulations governing direction of movement or turning in specified directions (ORC § 4511.37).
- (d) Disregard regulations governing parking or standing when using a warning lamp.

Continuing an emergency call response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue an emergency call response when directed by a supervisor.

Upon determining that an emergency call response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Lieutenant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

Officer Response to Calls

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency call response, the Shift Lieutenant or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.7 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency call response and respond accordingly.

The officer shall notify the Shift Lieutenant, field supervisor or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

309.1.1 DEFINITIONS

Definitions related to this policy include:

Canine - A dog that has been trained and may be used to assist one or more law enforcement officers in the performance of their official duties. When used in this Policy Manual, “canine” refers to a police dog (ORC § 955.11; ORC § 2921.321).

309.2 POLICY

It is the policy of the Loveland Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Operations Section to function primarily in assist or cover assignments. However, they may be assigned by the Shift Lieutenant to other functions, such as routine calls for service, based on the current operational needs.

309.3.1 LAW ENFORCEMENT CANINE REGISTRATION

All canines utilized by the Department shall be registered with the county auditor pursuant to the requirements of ORC § 955.012. Canine registrations must be signed by the Chief of Police (ORC § 955.012).

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations Section Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.

Canines

- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Lieutenant. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.

Canines

- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

Canines

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Law enforcement canines are generally exempt from impoundment and reporting requirements. If the canine begins exhibiting any abnormal behavior, the canine shall be made available, upon request, to the board of health for the district in which the bite occurred (ORC § 955.261).

309.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.6.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

Canines

309.7 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the Loveland City limits.
- (e) Agreeing to be assigned to the position for a minimum of three years.

309.8 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Loveland Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Lieutenant.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Lieutenant.

Canines

- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.8.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.9 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Lieutenant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in a separate file.

309.9.1 DISPOSITION OF SERVICE CANINE

If a canine becomes injured in the line of duty, becomes disabled and is unfit for duty, or grows too old to be fit for duty, the officer to whom the canine is assigned may purchase the animal (ORC § 9.62).

If the assigned handler chooses not to purchase the animal, the disposition of the canine shall be conducted pursuant to Department or City policy, ordinance or state law.

309.10 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current Ohio Peace Officer Training Commission (OPOTC)-recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet OPOTC-recognized standards or other recognized and approved certification standards established for their particular skills (OAC § 109:2-7-01 et seq.).

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

Canines

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Lieutenant.

309.10.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis (OAC § 109:2-7-05). Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Loveland Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.10.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.10.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.10.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Loveland Police Department may work with outside trainers with the applicable licenses or permits.

309.10.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws and in compliance with applicable state requirements (21 USC § 823(f); ORC § 3719.14).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Loveland Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

Canines

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.10.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property Office or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.11 DEPARTMENT DESIGNATION

The Department designates the canine handler's squad Lieutenant as the Canine Coordinator under this policy. The Department designates PACKTRACK as the canine use report under this policy.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Loveland Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other

Domestic Violence

children who may not have been in the house at that particular time should also be obtained for follow-up.

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations Section Unit in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.

Domestic Violence

11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

Domestic Violence

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Ohio law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An officer who has reasonable grounds to believe that a person has committed the offense of domestic violence or a violation of a protection order should arrest and

Domestic Violence

detain the person (ORC § 2935.03(B)(1); ORC § 2935.032). Any decision to not arrest when there is reasonable cause to do so requires supervisor approval.

- (b) If the domestic violence event constitutes a felony assault, officers shall make an arrest (ORC §2935.032).
- (c) In the event two persons may be arrested for an act of domestic violence against each other or for violating a protection order against each other, the officer should only arrest and detain the primary physical aggressor. In determining which adult is the primary physical aggressor, an officer, in addition to any other relevant circumstances, should consider (ORC § 2935.03 (B)(3)):
 - 1. Any history of domestic violence or of any other violent acts by either person involved in the alleged offense that the officer reasonably can ascertain.
 - 2. If violence is alleged, whether the alleged violence was caused by a person acting in self-defense.
 - 3. Each person's fear of physical harm, if any, resulting from the other person's threatened use of force or his/her use or history of the use of force against any person, and the reasonableness of that fear.
 - 4. The comparative severity of any injuries suffered by the persons involved in the alleged offense.
- (d) In the event two persons may be arrested for an act of domestic violence against each other or for violating a protection order against each other, and the officer cannot determine a primary physical aggressor, the officer should apply sound judgment when deciding whether to make an arrest. The officer should contact a supervisor for guidance as appropriate.
- (e) An officer shall not consider as a factor any possible shortage of cell space in deciding to make an arrest for domestic violence or a violation of a court order (ORC § 2935.03).

310.9.2 REPORTS AND RECORDS

- (a) If a suspect is not present but would otherwise be arrested, the completed report shall immediately be made and an arrest warrant obtained (ORC § 2935.03(B)(3)(g)).
- (b) Officers who investigate an allegation of domestic violence or violation of a court order, but do not make an arrest or seek a warrant, shall clearly articulate in the appropriate report the reasons for not arresting or pursuing a warrant (ORC § 2935.03(B)(3); ORC § 2935.032).
- (c) If the alleged offender has been granted pretrial release from custody on a prior charge of the offense of domestic violence or the offense of violating a protection order, and has violated one or more conditions of that pretrial release, Investigations Sections

Loveland Police Department

Loveland PD Policy Manual

shall document the facts and circumstances of the violation in the related reports (ORC § 2935.032 (A)(2)).

- (d) Officers investigating an offense of domestic violence or the offense of violating a protection order shall include in a written report (ORC § 2935.032):
 - 1. The fact that separate interviews with the victim and the alleged offender were conducted in separate locations, and identify the locations.
 - 2. Any statements from the victim that indicate the frequency and severity of any prior incidents of physical abuse of the victim by the alleged offender, the number of times the victim has called peace officers for assistance, and the disposition of those calls, if known.
 - 3. Observations of the victim and the alleged offender.
 - 4. Any visible injuries on the victim or the alleged offender.
 - 5. Any weapons at the scene, and the actions of the alleged offender.
 - 6. Any statements made by the victim or witnesses.
 - 7. Any other significant facts or circumstances.
- (e) Supervisors tasked with reviewing domestic violence reports shall consider referring cases to federal authorities for possible violations of 18 USC § 2261 (Interstate Domestic Violence) and should do so when appropriate (ORC § 2935.032 (G)).
- (f) The Systems Manager shall ensure domestic violence reporting is made to the Ohio Attorney General in compliance with ORC § 3113.32.

310.9.3 COURT ORDERS INDEX

The Systems Manager shall maintain an index for protection orders and the approved consent agreements delivered to the Loveland Police Department, pursuant to ORC § 3113.31 (F)(1). The index shall include the date and time that the Department received the order or agreement (ORC § 3113.31(F)(3)).

310.9.4 WEAPONS

Any deadly weapon brandished, used or threatened to be used in an incident of domestic violence shall be processed as contraband subject to forfeiture, pursuant to ORC Chapter 2981 (ORC § 2935.03).

310.10 DEPARTMENT DESIGNATION

The Department designates the Ohio Crime Victim's Rights pamphlet as the Domestic Violence Information Handout.

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Loveland Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Loveland Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Loveland Police Department (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or who is in possession of a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (c) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (d) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (e) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (f) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Temporary Custody of Juveniles

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Loveland Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Loveland Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Loveland Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Loveland Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Loveland Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Loveland Police Department without authorization of the arresting officer's supervisor or the Shift Lieutenant.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond three hours, or six if being held for

Temporary Custody of Juveniles

a felony, from the time of his/her entry into the Loveland Police Department (34 USC § 11133; ORC § 2151.311).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Loveland Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Loveland Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (ORC § 2151.31(A)):

- (a) Pursuant to a court order.
- (b) Pursuant to the laws that would subject an adult to arrest.

An officer shall promptly release the juvenile to his/her parents, guardian or other custodian unless circumstances indicate that detention or shelter care of the juvenile is warranted (ORC § 2151.311(A)).

312.5 ADVISEMENTS

If the officer brings the juvenile directly to court or delivers the juvenile to a place of detention or shelter care, he/she shall promptly notify the juvenile's parent, guardian or other custodian of the juvenile's location and reason for the detention (ORC § 2151.311(A)).

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the detention shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Loveland Police Department.
- (c) Shift Lieutenant notification and approval to temporarily hold the juvenile.

Temporary Custody of Juveniles

- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- (e) Any changes in status.
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure custody.
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Shift Lieutenant shall initial the log to approve the detention, including any secure custody, and shall also initial the log when the juvenile is released.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; ORC § 2151.311). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Loveland Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Loveland Police Department shall ensure the following:

- (a) The Shift Lieutenant should be notified if it is anticipated that a juvenile may need to remain at the Loveland Police Department more than four hours for a felony offense, or two hours if being held for any other reason (ORC § 2151.311). This will enable the Shift Lieutenant to ensure no juvenile is held at the Loveland Police Department longer than permitted.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.

Temporary Custody of Juveniles

- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.
- (p) Juveniles shall not be handcuffed or secured to a fixed object during temporary custody at the Loveland Police Department (ORC § 2151.311).

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Loveland Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Lieutenant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

312.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Loveland Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a

Temporary Custody of Juveniles

monitored or secure location until the juvenile is released from the custody of the Loveland Police Department.

312.11 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Shift Lieutenant approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

312.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire detention.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member shall occur no less than every 15 minutes.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Shift Lieutenant will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Loveland Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigations Section supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.

Temporary Custody of Juveniles

- (d) Notification of the City Attorney.
- (e) Evidence preservation.

312.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

312.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

An officer may fingerprint and photograph a juvenile offender taken into custody for committing a felony offense or any other offense that is not a minor misdemeanor or traffic offense and shall inform the juvenile court as required in accordance with the Field Interviews and Photographing Detainees Policy (ORC § 2151.313).

The fingerprints and photographs shall be maintained in accordance with ORC § 2151.313.

312.15 SCHOOL RESOURCE OFFICER GUIDELINES

Officers of the Loveland Police Department who are assigned to, or primarily engage in, law enforcement duties at a school campus shall comply with the following (OAC § 3301-35-15):

- (a) Juveniles shall not be restrained in a prone position.
- (b) Juveniles shall not be placed in a locked room or left alone while they are restrained in any way.

Officers who are required to restrain a juvenile shall immediately report such restraint to the appropriate school administrator and the juvenile's parent.

Adult or Vulnerable Person Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain persons who may be more vulnerable than others. This policy also addresses mandatory notification for Loveland Police Department members as required by law.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

Vulnerable person – A person of any age with a developmental disability.

313.2 POLICY

The Loveland Police Department will investigate all reported incidents of alleged adult or vulnerable person abuse and ensure proper reporting and notification as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Loveland Police Department shall notify the county department of job and family services (CDJFS) when there is reasonable cause to believe that an adult age 60 years or older is being abused, neglected or exploited, or is in a condition that is the result of abuse, neglect or exploitation (ORC § 5101.61). Regardless of the person's age, if the member reasonably believes that the person has a developmental disability and has suffered, or faces a substantial risk of suffering, abuse or neglect, the county board of developmental disabilities shall also be notified (ORC § 5123.61).

313.3.1 NOTIFICATION PROCEDURE

Notification maybe made verbally or in writing and shall contain the basis for the member's belief that the person has been abused, along with the following information, if known (ORC § 5101.61; ORC § 5123.61):

- (a) The name, address and telephone numbers of the following individuals:
 - 1. Victim
 - 2. The victim's caregiver
 - 3. If known, the alleged perpetrator (if different than the caregiver)
 - 4. Any other known household members or collateral sources
- (b) The approximate age of the victim, along with the nature and extent of the alleged abuse, neglect or exploitation
- (c) The date and time the allegation of abuse was received by this department

Adult or Vulnerable Person Abuse

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult or vulnerable person abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult or vulnerable person abuse investigations.
- (c) Present all cases of alleged adult or vulnerable person abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult or vulnerable person abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult or vulnerable person abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult or vulnerable person abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Adult or Vulnerable Person Abuse

Any unexplained death of an adult or vulnerable person who was in the care of a guardian or caretaker should be considered as potential adult or vulnerable person abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking a victim into protective custody when facts indicate the adult or vulnerable person may not be able to care for him/herself, the officer should make reasonable attempts to contact CDJFS or the county board of developmental disabilities, as appropriate under the circumstances. Generally, removal of a victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking a victim into protective custody, the officer should take reasonable steps to deliver the adult or vulnerable person to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the person is delivered to CDJFS or the county board of developmental disabilities, as appropriate under the circumstances.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the victim into protective custody.

When victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the victim to either remove the victim from a dangerous environment (protective custody) or restrain a person from contact with the victim.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain a victim involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Adult or Vulnerable Person Abuse

1. A reasonable belief that medical issues of the victim need to be addressed immediately.
 2. A reasonable belief that the victim is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the victim may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult or vulnerable person abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the victim. The officer should also arrange for the victim's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the victim for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of a victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations Section supervisor should:

- (a) Work with professionals from the appropriate agencies, including CDJFS or the county board of developmental disabilities, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigations Section supervisor that he/she has responded to a drug lab or other narcotics crime scene where a victim is present or where evidence indicates that a victim lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the victim.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an abuse victim is present or where there is evidence that a victim lives there should:

Adult or Vulnerable Person Abuse

- (a) Document the environmental, medical, social and other conditions of the victim, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Section supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

A missing person investigation is best conducted at the location where the missing person was last seen or known to be. A member should first contact the agency with jurisdiction. A Missing Child Alert may be activated if the circumstances about the missing child do not meet the AMBER Alert criteria, but the child is in danger of serious physical harm or death (see Missing Person Reporting Policy).

319.3 PREVENTING AND PREPARING FOR LIKELY HATE OR PREJUDICE CRIMES

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely hate or prejudice crimes by among other things:

- (a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes to form, and cooperate with, prevention and response networks.
- (b) Providing victim assistance and follow-up as outlined below, including community follow-up.
- (c) Educating community and civic groups about hate crime laws.

319.4 PROCEDURE FOR INVESTIGATING HATE OR PREJUDICE CRIMES

Whenever any member of this department receives a report of a suspected hate or prejudice crime or other activity that reasonably appears to involve a potential hate or prejudice crime, the following should occur:

Hate or Prejudice Crimes

- (a) Officers will be promptly assigned to contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned officers will take all reasonable steps to preserve available evidence that may tend to establish that a hate or prejudice crime was involved.
- (d) The assigned officers will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate or prejudice crime.
- (e) Depending on the situation, the assigned officers or supervisor may request additional assistance from investigators or other resources to further the investigation.
- (f) The assigned officers will include all available evidence indicating the likelihood of a hate or prejudice crime in the relevant reports. All related reports will be clearly marked as "Hate or Prejudice Crimes" and, absent prior approval of a supervisor, will be completed and submitted by the assigned officers before the end of the shift.
- (g) The assigned officers should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim Assistance Policy.
- (h) The assigned officers and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid (e.g., a possible Temporary Restraining Order) through the courts or County Prosecutor or City Attorney.

319.5 INVESTIGATIONS SECTION RESPONSIBILITIES

If a case is assigned to the Investigations Section, the assigned investigator will be responsible for following up on the reported hate or prejudice crime by:

- (a) Coordinating further investigation with the County Prosecutor and other appropriate law enforcement agencies.
- (b) Maintaining contact with the victim and other involved individuals, as needed.
- (c) Maintaining statistical data and tracking of suspected hate or prejudice crimes as indicated or required by state law.

319.6 STATE HATE CRIME REPORTING

This department shall submit hate crime information and offenses in the form and manner and at regular intervals as prescribed by rules adopted by the Office of Criminal Justice Services (OCJS). This shall be conducted by the Systems Manager or assigned to the Investigations Section.

319.8 TRAINING

The Professional Standards Lieutenant will ensure all members of this department receive training on hate and prejudice crime recognition and investigation, and attend periodic training that incorporates a hate and prejudice crime training component.

Information Technology Use

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Temporary file, permanent file or file - Any electronic document, information or data residing or located, in whole or in part, on the system including, but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs or videos.

320.2 POLICY

It is the policy of the Loveland Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

320.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

Information Technology Use

320.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Shift Lieutenants.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

320.4.1 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the Systems Manager.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

320.4.2 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

320.4.3 INTERNET USE

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain

Information Technology Use

exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information shall be limited to messages, mail and data files.

320.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Members may use personally owned, or department owned, technology to handle short (less than 5 minutes), routine tasks, such as a question in a text message, if doing so is convenient for the member. Such time is voluntary, and provided for the member's convenience. The time is not compensated. Members are not required to handle these tasks off duty unless ordered by a supervisor. If ordered to respond, all time will be compensated.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology. [Loveland PD Policy Manual: 701.5 PERSONALLY OWNED PCD](#)

320.5 PROTECTION OF AGENCY SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

320.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department

involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

321.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

321.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

321.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor.

321.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 - 1. Use of Force Policy

- (b) There is an attempted suicide.
- (c) The injury is major or serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

321.2.6 SUSPECTED HEROIN OVERDOSE

When a member arrives at a scene where a heroin/opiate overdose death is suspected he/she must determine if there is enough evidence to warrant response from the Opiate Heroin Task Force (OHTF). This can be determined through the use of the Patrol Officer Checklist & Matrix.

If, after completing the checklist the situation meets the criteria for OHTF response, the officer will ensure the OHTF is contacted to respond. The OHTF can be reached at 513-400-7276.

For all overdose incidents officers should gather enough information to complete the OHTF overdose/intelligence report and submit through RCIC. The report can be accessed by logging into RCIC, click on MobileWeb tab and select the heroin overdose report. Follow the instructions to submit the report.

321.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the investigation, preparation, and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed by the end of the officer's shift unless an extension is approved by a supervisor or the OIC. Supervisors shall review all paperwork and reports by the officers on their squad at the end of the shift unless extenuating circumstances require an extension. Even with an extension, all paperwork and reports will be completed and approved on the next shift worked.

321.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

321.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

321.3.3 REQUIRED INFORMATION

The following items are required for every criminal report. This list is not inclusive. The reporting officer is responsible for including all factual information pertinent to a report.

- (a) All information about the victim(s), suspect(s), witnesses, reporting person, and any other person of interest
- (b) The location of the occurrence and any other activity
- (c) The approximate time of occurrence
- (d) All criminal offense(s) suspected

Report Preparation

- (e) All information required by the National Incident Based Reporting System (NIBRS) and the Ohio Incident Based Reporting System (OIBRS)
- (f) All property and/or evidence involved
- (g) All attachments (including related paperwork, photographs, and witnesses statements)
- (h) An initial narrative describing the elements of the crime or circumstance
- (i) A narrative describing the reporting officer's initial investigation
- (j) Any related incidents
- (k) The clearance and disposition of the report

321.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should email the reporting officer and insert a disposition in the report stating the reasons for rejection. It shall be the responsibility of the originating employee to ensure that any correction is made to the original report on his next work day. Once the correction is completed, the originating employee shall notify the supervisor by email. The supervisor will check the report again and approve or return the report as necessary.

321.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor. Additional narratives, property, attachments, clearances, and supplemental information may be added. A reviewing supervisor may correct or modify a report on behalf of the authoring employee as long as the correction or modification is clerical in nature and does not change the content of the report.

Media Relations

322.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities allowing the prompt release of records in accordance with the mandates of the Ohio Public Records Law (ORC § 149.43).

322.2 RESPONSIBILITIES

Generally, official media releases are approved and sent by the City Manager. In other circumstances, the ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. However, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Lieutenants, the Systems Manager, and the designated Public Information Officer may prepare and release information to the media in accordance with this policy and the applicable law.

322.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated Department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated Department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

322.3 MEDIA ACCESS

Authorized and bona fide members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities (ORC § 2917.13(B)). Access by the media is subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

Loveland Police Department

Loveland PD Policy Manual

Media Relations

1. Reasonable effort should be made to provide media representatives with access to a media command post, separate from the operations command post, near the location of the incident providing it will not interfere with emergency operations or a criminal investigation.
- (c) No member of this department shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Chief of Police and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Chief of Police.

322.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Lieutenant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (Federal Aviation Regulations § 91.137).

322.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

322.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log (Alerts Public Safety Solutions Media Report) of significant law enforcement activities that shall be made available, upon request, to

Media Relations

media representatives through the Systems Manager. This log will consist of data classified as public and should generally contain:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals should only be released to the media when the decedent's identity has been verified and the release is approved by a supervisor.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated media representative, the custodian of records, or if unavailable, to the Shift Lieutenant. Such requests will generally be processed in accordance with the provisions of the Ohio Public Records Act (ORC § 149.43). Questions concerning the mandates of the Ohio Public Records Act should be resolved through legal counsel.

322.4.1 STATE RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and the Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained.

Subpoenas and Court Appearances

323.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Loveland Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

323.2 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so.

A criminal subpoena may be served upon a member in accordance with Ohio Crim. No member shall be retaliated against for testifying in any matter.

Subpoenas and Court Appearances

323.2.2 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

323.2.3 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

323.3 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

323.4 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

However, the Department shall not utilize the services of a reserve, auxiliary or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve or auxiliary officer for reduced or no pay). Therefore, the Reserve and Auxiliary Coordinator should consult with the Personnel Department prior to an employee serving in a reserve, auxiliary or volunteer capacity (29 CFR 553.30).

324.3 DUTIES OF PART TIME, RESERVE, AND AUXILIARY OFFICERS

Part time, reserve, or auxiliary officers assist regular full time officers in the enforcement of laws and in maintaining peace and order within the community. Part time officers may perform the same functions and duties as full time officers.

Standards of Conduct

325.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Loveland Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or the member's supervisors.

325.1.1 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standard: 12.2016.4

[See attachment: OCLEAC Standards Compliance Checklist Updated 2017.pdf](#)

325.2 EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to the imposition of any recommended discipline. The employee shall consider the following:

- (a) This response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative and/or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of the subsequent investigation prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.
- (f) Once the employee has completed his/her response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall thereafter render a timely written decision to the employee imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall

Standards of Conduct

also inform the employee of the reasons for termination and the process to receive all remaining fringe and retirement benefits.

- (g) Once the Chief of Police has issued a written decision, the discipline shall become effective.

325.3 POLICY

The continued employment or appointment of every member of the Loveland Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

325.4 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

325.4.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

325.4.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

325.5 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Ohio Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

326.2 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Lieutenant's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from department, the Shift Lieutenant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

A sheriff may request aid, and this department is required to furnish aid, as is practicable (ORC § 311.07(B)).

326.2.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Loveland Police Department shall notify his/her supervisor or the Shift Lieutenant and the Communications Center as soon as practicable. 326.2.2 PROVIDING LAW ENFORCEMENT SERVICES

The Department may also provide law enforcement services at the direction of the Chief of Police, as authorized by resolution of the City legislative authority (ORC § 505.431; ORC § 511.236; ORC § 737.041).

326.4 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Lieutenant.

326.5 MANDATORY SHARING

326.6 POLICY

It is the policy of the Loveland Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

Physical Security

327.1 PURPOSE AND SCOPE

The purpose of this section is to establish the rules of use and security measures of the Loveland Police buildings and properties. Additional procedures are included here [Loveland Police Department Procedures Manual: 327.2 Parking Restrictions Procedure](#)

327.2 POLICY

The department is committed to maintaining the proper balance between open and transparent citizen access and the security of the personnel, equipment, and information of the department. The Chief of Police will establish the locations, times, and dates of public access. Areas of the Building and Property are identified as either Public Areas or Secure Areas.

327.3 DEFINITIONS

The following definitions will be used for this policy:

Property - Any real estate owned by the City of Loveland and under the primary control of the Loveland Police Department.

Building - Any structure owned by the City of Loveland and under the primary control of the Loveland Police Department. Primarily, the Loveland Safety Center

Public Area - Upper-Level Lobby 1, Interview 26, Lower Lobby B1, Training Room B9, Conference B10, Women's Restroom B7, Men's Restroom B6, Women's Restroom 2, and Men's Restroom 3.

Secure Area - All areas of the Loveland Safety Center not included in the definition of the Public Area.

Visitor - Person visiting the facility who is not a City Member, Department Member or Volunteer, Law Enforcement Member, Loveland-Symmes Fire Department Member, City Council Member, or Vendor.

Vendor - Person providing work or service at the facility.

These definitions do not include any park, recreational area, or building or real estate under the primary control of any other city department. Nothing in these definitions should suggest the Loveland Police Department is in primary control of all City of Loveland properties. Plans and room identification for the Loveland Safety Center can be found on the Loveland Police Sharepoint site.

327.4 PROPERTY SECURITY

The parking lot located to the east of the front doors is designated as the public parking lot. All visitors and other members of the public will be directed to park there.

The parking lot located to the west of the sally port will be designated as the employee parking lot. Employees of the City of Loveland, and the Loveland Symmes Fire Department, shall have access to this lot 24 hours a day. Vehicles belonging to the City of Loveland, or the Loveland

Physical Security

Symmes Fire Department, may also be parked here. Members of the general public are not permitted in this area and should be directed to the public parking lot. Signs indicating the restriction of this lot shall be placed conspicuously to notify the public of this restriction.

327.5 BUILDING SECURITY

All members are responsible for the security of the building. All suspicious activity should be reported to a sworn police officer immediately.

The Chief of Police will designate all areas of all Loveland Police Department buildings as either "public" or "secure." Public areas will be open to the public through unlocked doors on dates and times established by the Chief of Police. These dates and times will be generally consistent with community business standards. The following conditions will be followed in all secure areas:

- (a) Doors and windows will be shut and locked when not in use.
- (b) Members will access secure areas using the passcode, key, or electronic device (fob) issued to them. They will not utilize another member's passcode or fob, nor allow anyone else to use theirs. Any member losing his key or fob will report the loss to the Systems Manager immediately.

Members shall not publish or release any images of any secure area of the Loveland Safety Center without the permission of a supervisor. Supervisors should carefully weigh the need to release the photograph with the need to protect building security. Generally, images showing generic offices or walls are acceptable for release. Images of the Armory 50, Property Room 53, Interview Room 49, Server Room B4, Mechanical Room B5, Communications B16, or other sensitive areas should not be released. Images of construction or design plans for the building should not be released. Nothing in this section prohibits the Systems Manager from releasing public records required under current Ohio and Federal law.

327.6 VOLUNTEERS, VISITORS AND VENDORS

It is the preference of the Loveland Police Department that all citizen transactions occur through the visitor windows to protect the security of the personnel, equipment, and information of the department. However, some people will need to access the secure area of the Department.

Volunteers are covered in [Loveland PD Policy Manual: 342.2 VOLUNTEER MANAGEMENT](#) policy

Visitors to the secure area must be approved by a Member. Generally, Members should interact with visitors in the public areas of the building when practicable. Members should weigh the need to grant access to the secure area with the ability to interact in the public area. Tours shall not be conducted inside the secure area of the Building without the permission of the Chief of Police. In addition, visitors are not permitted inside Armory 50, Property Room 53, Interview Room 49, Server Room B4, Mechanical Room B5, or Communications B16 without the permission of the Chief of Police.

Physical Security

Vendors are permitted in secure areas to affect repairs and improvements. Member will identify and confirm a vendor is scheduled to access a secure area prior to granting access. Vendors should only be permitted to access secure areas reasonably necessary to affect the specific repairs or improvements.

327.7 CUSTODY AND INTERVIEWS

Members desiring to interview people may use Interview 26 for non-custodial interviews or Interview 49 for custodial interviews. Persons in custody shall only be in Sally Port 56, Vestibule 52, Interview 49, and Restroom 54. This area is used for persons in custody under our policies. Interviewees and persons in custody shall not be in any secure areas of the Loveland Safety Center except as indicated in policy.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping, engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to policy and to a work environment that is free of discrimination.

Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of a member's employment, position or compensation.
- (b) Submission to or rejection of such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct that has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Ohio Civil Rights Commission.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communications between supervisor and member.

328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission (ORC § 4112.02).

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Personnel Manager or the City Manager.

Loveland Police Department

Loveland PD Policy Manual

Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or Personnel Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

Discriminatory Harassment

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

328.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and (except as herein provided) no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Personnel Manager or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Discriminatory Harassment

328.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

328.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, Personnel Manager or City Manager if more appropriate.
- Maintained for the period established in the department's records retention schedule.

328.8 TRAINING

Employees will receive initial training upon employment by the Personnel Manager. All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive regular supplemental training every three years. Each employee who attends a training program is required to sign a statement verifying his/her attendance. The Department will file the statement in the member's personnel file.

328.8.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel Manager or the City Manager for further information, direction or clarification.

Death Investigation

330.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

330.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated or decomposed). A supervisor shall be notified in all death investigations.

330.2.1 CORONER REQUEST

The Coroner shall be called and notified of all known facts concerning the time, place, manner and circumstances in all sudden or unexpected deaths or deaths due to other than natural causes including, but not limited to (ORC § 313.12(A)):

The investigation is required to incorporate the examinations required by law (OAC § 3701-5-14).

330.2.3 SEARCHING DEAD BODIES

The Coroner or his/her assistants and authorized investigators are generally the only persons permitted to move, handle or search a body known to be dead.

An officer is permitted to make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for a document of gift or other information identifying the individual as a donor or as an individual who made a refusal (ORC § 2108.12(A)(1)). If a donor document is located, the Coroner shall be promptly notified.

Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner.

Whenever personal effects are removed from the body of the deceased by the Coroner, a receipt shall be obtained. This receipt shall be attached to the death report. If the Coroner is unable to provide a receipt the officer should prepare a list of property being taken by the coroner and the coroner should sign the list indicating he/she has taken possession of the property.

Loveland Police Department

Loveland PD Policy Manual

Death Investigation

Whenever reasonably possible, a witness, preferably a relative of the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer, pending the arrival of the Coroner.

The name and address of this person shall be included in the narrative of the death report.

330.2.4 DEATH NOTIFICATION

Officers investigating a traffic collision and who discover any person who is deceased or is pronounced dead at the scene, or who suffers a serious, life-threatening injury in a motor vehicle accident, is responsible for identifying the person and notifying the person's next of kin (ORC § 4501.80).

Identification of victims and notification should be done without delay although proper and accurate identification of victims is necessary prior to making any notification to the next of kin. Identification resources include the next of kin registration database maintained for law enforcement by the Bureau of Motor Vehicles and the Coroner.

Notification to the next of kin of a deceased person shall be made, in person, by the officer assigned to the incident in compliance with Department training on death notifications. If the next of kin lives in another jurisdiction, a law enforcement official from that jurisdiction may be requested to make the personal notification.

In non-traffic deaths, when notification is not performed by the Coroner, and if a deceased person has been identified as a missing person, this department should attempt to locate family members and inform them of the death and location of the deceased missing person's remains as described above.

In all notifications, the notification shall be documented and the Coroner shall be informed whether the notification has been made.

Should a human death result from a fire, this department may notify the state or City fire marshal as allowed by law.

330.2.5 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the officer will issue a "John Doe" or "Jane Doe" number for the report.

330.2.6 UNIDENTIFIED BODIES DATA ENTRY

As soon as reasonably possible, but no later than 30 working days after the date a death is reported to the Department, all available identifying features of the unidentified body including dental records, fingerprints, any unusual physical characteristics and a description of clothing or personal belongings found on or with the body shall be forwarded to the Coroner for entry into the Ohio Bureau of Criminal Identification and Investigation database, the Missing Children and Missing Persons Information Clearinghouse and the National Crime Information Center (NCIC) file (ORC § 313.08).

The Investigations Section shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Shift Lieutenant or Investigations Section supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests and provide a report.

330.2.9 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the nearest office of the Occupational Safety and Health Administration or the Ohio Public Employment Risk Reduction Program is notified by telephone or electronic notification with all pertinent information.

330.2.10 SUSPECTED OPIATE/HEROIN DEATHS

When a member arrives at a scene where a heroin/opiate overdose death is suspected he/she must determine if there is enough evidence to warrant response from the Opiate Heroin Task Force (OHTF). This can be determined through the use of the Patrol Officer Checklist & Matrix.

If, after completing the checklist the situation meets the criteria for OHTF response, the officer will ensure the OHTF is contacted to respond. The OHTF can be reached at 513-400-7276.

Child Abuse

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Loveland Police Department members are required to notify the appropriate public children services agency (PCSA) of suspected child abuse.

331.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (ORC § 2151.421).

331.2 POLICY

The Loveland Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the PCSA is notified as required by law.

331.3 MANDATORY NOTIFICATION

Members of the Loveland Police Department shall notify the PCSA when they receive a report of possible abuse or neglect of a child, or the possible threat of abuse or neglect of a child. This mandated notification applies to allegations involving a child who is under the age of 18 years or an individual who is under the age of 21 years and is intellectually disabled, developmentally disabled or physically impaired (ORC § 2151.421).

For purposes of notification, abuse and neglect includes sexual offenses, child endangering, physical or mental injury or death, out-of-home care child abuse or neglect, abandonment, illegal adoptions, or withholding or refusing care or treatment necessary for the child's health, morals or well-being, and any other act, as provided in ORC § 2151.03 and ORC § 2151.031.

331.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (ORC § 2151.421):

- (a) Notification should be made immediately by telephone or in person to the PCSA in the county in which the child resides or in which the abuse or neglect is occurring or has occurred.
- (b) Notification, when possible, should include:
 - 1. The name, address, and age of the child.
 - 2. The name and address of the child's parents or other person having custody of the child.
 - 3. The nature and extent of the injury, abuse, or neglect.

Child Abuse

4. Any evidence of a threat of injury, abuse, or neglect, including any evidence of previous injuries, abuse, or neglect.
 5. Any other information that might be helpful.
- (c) The member shall notify the person who provides information regarding the alleged abuse or neglect of the child of his/her right to request certain basic information regarding the investigation. The member shall document the notification along with the person's name, address, and telephone number in the related report (ORC § 2151.421).
- (d) Any other notifications should be made as set forth in the existing Memorandum of Understanding (MOU) with the PCSA (ORC § 2151.421).

If the child is a delinquent in the custody of a Department of Youth Services controlled or contracted institution, any notification shall be made to the Ohio State Highway Patrol (ORC § 5139.12).

331.4 QUALIFIED INVESTIGATORS

- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and school administrators as needed.

331.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

Child Abuse

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

- (k) The investigatory steps, as set forth in the existing MOU with the PCSA, that should be followed when the terms apply to an allegation of child abuse (ORC § 2151.421).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the PCSA. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation (ORC § 2151.421(E)).

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the PCSA.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORC § 2151.31; ORC § 2151.421):

- (a) When a court has issued an order authorizing the removal of a child.

Child Abuse

(b) Without a court order when:

1. There are reasonable grounds to believe that the child is suffering from illness or injury and is not receiving proper care, and the child's removal is necessary to prevent immediate or threatened physical or emotional harm.
2. There are reasonable grounds to believe that the child is in immediate danger from the child's surroundings and that the child's removal is necessary to prevent immediate or threatened physical or emotional harm.
3. There are reasonable grounds to believe that a parent, guardian, custodian or other household member has abused or neglected another child in the household, and that the child is in danger of immediate or threatened physical or emotional harm.

Officers shall not remove a child without consultation with the PCSA, unless the report of abuse or neglect was made by a physician and, in the judgment of the officer and the physician, immediate removal is considered essential to protect the child from further abuse or neglect.

331.6.1 SAFE HAVENS FOR NEWBORNS

A parent may voluntarily surrender a newborn infant who is 30 days old or younger with an officer of the Loveland Police Department. The officer shall perform any act necessary to protect the newborn's health or safety and notify PCSA as soon as practicable (ORC § 2151.3516; ORC § 2151.3517; ORC § 2151.3518).

The surrendering parent should be provided and asked to complete a Department of Jobs and Family Services (JFS) medical history form for the child. The parent is not required to complete the form; however, if the parent refuses to complete the form, the parent should be encouraged to take the form with them and complete and return at a later time (ORC § 2151.3518; ORC § 2151.3528).

The surrendering parent should also be offered any brochures prepared by the JFS regarding services available for parents and newborns (ORS § 2151.3518; ORC § 2151.3529).

A parent who voluntarily surrenders a newborn has the right to remain anonymous and shall not be coerced into revealing his/her identity, completing medical forms, accepting brochures, followed or pursued (ORC § 2151.3526; ORC § 2151.3529; ORC § 2151.3530).

The Safe Haven provisions do not apply if the child appears to have suffered child abuse or neglect and the officer should investigate the matter as a child abuse incident.

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

Child Abuse

331.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

331.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations Section Supervisor should:

- (a) Work with professionals from the appropriate agencies, including the PCSA, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigations Section Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

Child Abuse

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

331.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Section Supervisor so an interagency response can begin.

331.10 STATE MANDATES AND OTHER RELEVANT LAWS

Ohio requires or permits the following:

331.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORC § 149.43 et seq.; ORC § 2151.421).

331.10.2 CHILD FATALITY REVIEW BOARD

When requested, a summary sheet of information related to department investigations shall be provided to the child fatality review board of the county in which a deceased child resided at the time of death. When requested, and at its discretion, this department may make other reports available to the review board (ORC § 2151.421).

331.10.3 MEMORANDUM OF UNDERSTANDING

The Investigations Section Supervisor should ensure that a current copy of the MOU with the PCSA regarding abuse and neglect investigations is available to all department members (ORC § 2151.421).

331.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

Identity Theft

332.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

332.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (ORC § 2913.49(B)) shall initiate a report for crimes occurring in this jurisdiction.
- (b) For incidents of identity theft occurring outside this jurisdiction officers may either:
 - 1. Complete a courtesy report to be forwarded to the agency where the crime was committed or if the location is unknown, to the victim's residence agency.
 - 2. If no report is taken, encourage the victim to promptly report the identity theft to the law enforcement agency where he/she resides.
- (c) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere but the credit card fraud occurred and is reported in this jurisdiction).
- (d) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (e) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and the Ohio Department of Public Safety's Driver and Vehicle Services Division) with all known report numbers.
- (f) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

332.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access <http://www.ohioattorneygeneral.gov/consumerlaws> for further information.

Employees of this department shall notify the Systems Manager of any breach of the security of any Department information systems if personal information is reasonably believed to have been

Identity Theft

accessed and acquired by an unauthorized person that could cause a material risk of identity theft or other fraud to a resident of Ohio (ORC § 1347.12(B)(1) and ORC § 1349.19(C)).

The Systems Manager shall notify the person whose personal information has been breached using any of the methods allowed pursuant to ORC § 1347.12(E) (ORC § 1347.12(B)(1)).

The notification may be delayed if it is reasonably believed that the disclosure would impede a criminal investigation or jeopardize homeland or national security (ORC § 1347.12(D)).

332.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/data/idt.shtm> or by telephone at 877-ID Theft (877-438-4338). Additional information may be found at the U.S. Department of Justice website, <http://www.usdoj.gov>, or the FBI at <http://cincinnati.fbi.gov> and <http://cleveland.fbi.gov>.

Private Person's Arrests

333.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for handling private person's arrests and detentions made pursuant to state law.

333.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

In circumstance where applicable, officers shall advise civilians of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all situations, officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.
- (c) individuals shall be informed of the requirement to inform the person to be arrested, prior to making the arrest, of the intention to arrest him/her and the reason for the arrest (ORC § 2935.07).
- (d) Private individuals shall be informed of the requirement to take the arrested person before a judge or to a peace officer without unnecessary delay (ORC § 2935.06).

333.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances:

- (a) When a felony has been committed and he/she has reasonable cause to believe the person to be arrested committed the felony (ORC § 2935.04).
- (b) When reasonable information exists that the accused stands charged in the courts of any state with a crime punishable by death or imprisonment for a term exceeding one year (ORC § 2963.12).

333.3.1 DETENTIONS BY PRIVATE PERSONS

A private person may detain another for subsequent arrest by a peace officer under the following circumstances:

- (a) Museums, archival institutions, libraries, merchants, and their agents and employees who have probable cause to believe the person to be detained is a shoplifter or has otherwise committed a theft of their property (ORC § 2935.041(A), (B), and (C)).
- (b) Motion picture presentation facilities and their agents and employees who have probable cause to believe a person is or has been recording in violation of ORC § 2913.07 (ORC § 2935.041(D)).

Private Person's Arrests

333.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
 - 1. Take the individual into physical custody for booking.
 - 2. Release the individual upon a misdemeanor citation or pending formal charges.

333.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign an affidavit. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the affidavit (and any other related documents, such as citations and booking forms), officers shall complete a report and narrative regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

334.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Loveland Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

334.2 POLICY

It is the policy of the Loveland Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

334.3 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law

Loveland Police Department

Loveland PD Policy Manual

Limited English Proficiency Services

enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

334.4 TYPES OF LEP ASSISTANCE AVAILABLE

Loveland Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

334.5 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The Systems Manager will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

334.6 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

334.7 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to

Loveland Police Department

Loveland PD Policy Manual

Limited English Proficiency Services

communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

334.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual.

The Loveland Police Division uses Affordable Language Services when an interpreter is needed. Affordable Language Services can be contacted 24 hours/day, seven days/week.

334.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone.

Other sources may include:

- Qualified bilingual members of this department.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Affordable Language Services
Department Contact Instructions

3. Ask person to wait while an interpreter is contacted
4. Proceed with conversation
5. Say 'End of Call' to complete the call.
In person interpreters call the local office at 1-513-745-0888

334.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

Limited English Proficiency Services

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

334.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

334.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Loveland Police Department will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

334.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

334.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and

Limited English Proficiency Services

suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

334.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

334.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Limited English Proficiency Services

Investigations into such complaints shall be handled in accordance with the department complaint process. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the department complaint process should be translated or otherwise communicated in a language-accessible manner.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Professional Standards Lieutenant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Professional Standards Lieutenant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

335.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

335.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

335.2 POLICY

It is the policy of the Loveland Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

335.3 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members

Communications with Persons with Disabilities

should ask the individual to communicate back or otherwise demonstrate their understanding.

- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

335.4 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Loveland Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

Communications with Persons with Disabilities

335.5 TYPES OF ASSISTANCE AVAILABLE

Loveland Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

335.6 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

335.7 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified Interpreters should be:

- a. Available within a reasonable amount of time but in no event longer than one hour if requested.
- b. Experienced in providing interpretation services related to law enforcement matters.
- c. Familiar with the use of video remote interpretation services (VRS)
- d. Certified in either American Sign Language or Signed English
- e. Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal advisor

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

Affordable Language Services is used by Loveland Police when interpreter services are needed.

Communications with Persons with Disabilities

In person interpreters call the local office at 1-513-745-0888

335.8 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

335.9 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

335.10 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning

Communications with Persons with Disabilities

or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

335.10.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

335.11 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

335.12 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or

Communications with Persons with Disabilities

booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

335.13 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

Investigations into such complaints shall be handled in accordance with the Police Division complaint process. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

335.14 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Professional Standards Lieutenant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Professional Standards Lieutenant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Pupil Arrest Reporting

336.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

336.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested for a serious offense, the arresting officer shall include information in the report necessary to ensure that the Administrations Section is prepared to release public information to the chief administrative officer of the school or appropriate designee of the arrest of a pupil.

336.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

336.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

336.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

Biological Samples

337.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

- (c) Use the designated collection kit provided by the Ohio Bureau of Criminal Investigation (BCI) to perform the collection and take steps to avoid cross contamination.

337.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

337.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

Public Safety Video Surveillance System

339.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

339.2 POLICY

The Loveland Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

339.3 ANNUAL REVIEW OF THE PUBLIC SAFETY CAMERA SYSTEM

The Chief of Police or designee will conduct an annual review of the public safety camera system. The annual review will include an inventory of video monitoring installations, date of installation, summary of the purpose, adherence to this policy and any proposed policy changes. The results of each review will be documented and maintained by the Chief of Police or designee and other applicable advisory bodies. Any concerns or deviations from this policy will be addressed promptly and effectively.

339.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

339.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Public Safety Video Surveillance System

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.
- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Shift Lieutenant's office and the Communications Center. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Shift Lieutenant or trained personnel in the Communications Center are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

339.3.2 CAMERA MARKINGS

339.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use

Public Safety Video Surveillance System

of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

339.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

339.4.1 VIDEO LOG

A log should be maintained at all locations where video surveillance monitors are located. The log should be used to document all persons not assigned to the monitoring locations who have been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

- (a) Date and time access was given.
- (b) Name and agency of the person being given access to the images.
- (c) Name of person authorizing access.

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target protected individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

339.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

339.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity,

Public Safety Video Surveillance System

authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

339.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Chief of Police.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Shift Lieutenant for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

339.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

339.8 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

340.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult or Vulnerable Person Abuse Policy.

340.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Loveland Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

340.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

340.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Department of Aging, if appropriate.
- (e) Notify the field supervisor or Shift Lieutenant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

340.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

340.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

340.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

340.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Loveland Police Department

Loveland PD Policy Manual

Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

340.5 TRAINING

The Professional Standards Lieutenant is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

341.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Loveland Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

341.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

341.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities. Service animals may accompany the handler or companion person into, and is entitled to the full use of services to which the general public is invited (ORC § 955.43).

The following are some examples of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

341.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with

Loveland Police Department

Loveland PD Policy Manual

Service Animals

service animals with the same courtesy and respect that the Loveland Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

342.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

342.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

A truth verification exam may be required of each applicant depending on the type of assignment

342.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Department.

342.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Depending on the assignment, training may include the following:

- (a) Role of the volunteer.
- (b) Department policies.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department. Whenever a rule, regulation or guideline in this manual refers to a sworn officer, it shall also apply to a volunteer, unless by its nature it is inapplicable.

342.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

342.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.

Volunteer Program

Volunteers shall be required to return any issued uniform or department property at the termination of service.

342.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and the necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

342.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

342.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

Volunteer Program

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing.
- (b) Verification that the volunteer possesses a valid driver license.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements.

Volunteers should not operate a marked patrol car unless approved by a Supervisor or officer in charge and it is out of service and is being operated for maintenance purposes only, that it is being operated during an approved skills course, that it is being used to transport equipment, that it is being used to provide supplementary assistance under the direction of an on-duty sworn officer. Volunteers are not authorized to operate a Department vehicle for enforcement patrol operations or under emergency conditions (lights and siren).

342.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete training prior to using the law enforcement radio and shall comply with all related provisions. The Volunteer Coordinator should ensure that radio training is provided for volunteers whenever necessary.

Volunteers will not operate the MDC.

342.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing. The hearing shall be limited to a single appearance before the Chief of Police or designee.

Volunteers may resign from volunteer service with this department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

342.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

342.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL

The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel.

Native American Graves Protection and Repatriation

343.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

343.1.1 DEFINITIONS

Definitions related to NAGPRA include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

343.2 POLICY

It is the policy of the Loveland Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

343.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).

Off-Duty Law Enforcement Actions

344.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Loveland Police Department with respect to taking law enforcement action while off-duty.

344.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

Officers should remember that their authority as a peace officer may not extend to actions taken outside their jurisdiction unless authorized by law (ORC § 2935.02, ORC § 2935.03(D) and ORC § 2935.04).

344.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. All firearms and ammunition must meet guidelines as described in the Department Firearms Policy. When carrying firearms while off-duty, officers shall also carry their Department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

Off-duty employees shall not carry firearms in establishments for which a "D" liquor permit has been issued and alcohol is being consumed (ORC § 2923.121(A)).

Off-Duty Law Enforcement Actions

344.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, Oleoresin Capsicum (OC) spray or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible instead of immediately intervening.

344.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Loveland Police Department officer until acknowledged. Official identification should also be displayed.

344.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

344.4.3 RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

344.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

344.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the

Loveland Police Department

Loveland PD Policy Manual

Off-Duty Law Enforcement Actions

Loveland Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Shift Lieutenant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

- (c) Generate plans for improving the relationship between the Department and the community.
- (d) Participate in community outreach to solicit input from community members, including youth from the community.

The Professional Standards Lieutenant should arrange for initial and ongoing training for committee members on topics relevant to their responsibilities.

The Chief of Police may include the committee in the evaluation and development of department policies and procedures and may ask them to review certain personnel complaints for the purpose of providing recommendations regarding supervisory, training or other issues as appropriate.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intraorganizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Loveland, respond to calls for assistance, act as a deterrent to crime, enforce state, local and federal laws when authorized or empowered by agreement or statute, and respond to emergencies 24 hours a day, seven days a week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other sections within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Disasters, civic unrest and natural emergencies.
- (k) Assist in the service of civil papers.

400.1.2 TERRORISM

It is the goal of the Loveland Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report. The report will include the filing of a Suspicious Activity Report (SAR) with Greater Cincinnati Fusion Center.

Patrol Function

The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the detective in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various sections of the Loveland Police Department.

400.2.1 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the supervisor for retention or follow-up investigation.

400.2.2 PATROL BRIEFINGS

All officers are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.3 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the briefing room and will be available for review by officers from all sections within the Department. These include, but are not limited to, the patrol check clipboard, the wanted persons clipboard and the memos, orders, bulletins, and directives clipboard.

400.2.4 BULLETIN BOARDS

A bulletin board will be kept in the briefing room for display of suspect information, investigative reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Departmental Directive will be placed on the briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.4 ELECTRONIC INFORMATION

Information referenced in this policy may also be kept in the Alert Public Safety Solutions software in lieu of clipboards or other physical locations.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Loveland Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The Loveland Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report the gender, race, or ethnicity of the driver.

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - (a) Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review Mobile Video Recorder recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 ADMINISTRATION

Each year, the Operations Section Lieutenant, or person designated by the Chief of Police, should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information about any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

Bias-Based Policing

401.6.1 PUBLISHING AN ANNUAL REPORT TO THE PUBLIC

The Chief of Police or the authorized designee shall prepare an annual report for the public that documents the annual administrative review of agency practices, data collected and citizens' concerns.

401.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Professional Standards Section.

401.7.1 TRAINING FREQUENCY AND TOPICS

The Professional Standards Section should provide annual training that includes topics, such as field contacts, traffic stops, search issues, asset seizure and forfeiture, interview techniques, cultural diversity, discrimination and community support.

Shift Briefing

402.1 PURPOSE AND SCOPE

Shift Briefing is generally conducted at the beginning of the officer's assigned shift. Shift Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct shift briefing. However, officers may conduct shift briefing for training purposes with supervisor approval. In the absence of a supervisor the officer in charge will conduct the shift briefing.

Shift Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.
- (f) Each officer will check for Department policy manual updates, daily training bulletins, emails, Aladtec schedule software changes, and the Alert Public Safety Solutions software for investigations and news briefings.

402.2 SHIFT BRIEFING AND ROLL CALL TRAINING

Shift Briefing and roll call training is generally conducted at the beginning or conclusion of the officer's assigned shift, yet it may occur at another period. Shift Briefing and roll call training should incorporate short training segments on a variety of subjects and may include:

- (a) Review and discussion of new or updated policies.
- (b) Present and discuss proper application of existing policy to routine daily activities.
- (c) Present and discuss proper application of existing policy to unusual activities.
- (d) Reviewing recent incidents for training purposes.

402.3 PREPARATION OF MATERIALS

The supervisor conducting shift briefing and/or roll call training, or the officer if the supervisor is unable to participate in a group briefing or roll call training session, is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training. A

Loveland Police Department

Shift Briefing

supervisor may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Loveland Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

Ride-Alongs

404.1 PURPOSE AND SCOPE

The ride-along program provides an opportunity for persons to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the ride-along program.

404.1.1 ELIGIBILITY

The Loveland Police Department ride-along program is offered to residents, students and those employed within the City. Reasonable efforts should be made to accommodate interested persons. Any applicant may be disqualified with or without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.

404.1.2 AVAILABILITY

The ride-along program is available on most days of the week. The ride-along times are from 10:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police, Section Lieutenant or Shift Lieutenant.

404.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Shift Lieutenant. The participant will complete and sign a ride-along waiver form. Information requested will include a valid driver license, address and telephone number.

The Shift Lieutenant will schedule a date, based on availability, at least one week after the date of application. If approved, a copy of the ride-along waiver form will be forwarded to the respective Shift Lieutenant as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

404.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: cadets, explorers, qualified volunteers, chaplains, reserves, auxiliary and police applicants with approval of the Shift Lieutenant.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle

Loveland Police Department

Loveland PD Policy Manual

Ride-Alongs

at a given time. When practicable, ride-alongs who request multiple opportunities to participate in the ride-along program should be rotated among officers.

Ride-along requirements for police cadets are covered in the Police Cadets Policy.

404.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed for the weather. Clothing with political, vulgar, or discriminatory messages, or that is soiled or torn, will not be permitted. Hats and ball caps will not be worn in the police vehicle. The Shift Lieutenant or field supervisor may refuse a ride-along to anyone not properly dressed.

404.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Shift Lieutenant. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

404.2.4 NON-SWORN EMPLOYEE RIDE-ALONGS

Off-duty non-sworn employees of this department may ride-along with on-duty officers. Off-duty non-sworn members of other law enforcement agencies will not be permitted to ride-along with on-duty officers without the express consent of the Shift Lieutenant.

In the event that such a ride-along is permitted, the off-duty non-sworn member shall not be considered on-duty and shall not participate in any law enforcement activity except as emergency circumstances may require.

404.2.5 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Criminal History System check prior to approval (provided that the ride-along is not an employee of the Loveland Police Department).

404.3 OFFICER'S RESPONSIBILITIES

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit. If practicable, the participant should be let out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the Shift Lieutenant.

Ride-Alongs

The Shift Lieutenant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the Shift Lieutenant with any comments that may be offered by the officer.

404.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include the following:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to his/her home, the place of the ride origin or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process, provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the express consent of the resident or other authorized person.
- (g) Ride-alongs shall be returned to his/her home, the place of the ride origin or to the station when the ride-along is terminated.

Hazardous Material Response

405.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Ohio law, the following represents the policy of this department.

405.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous Material - A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant, or strong sensitizer and thereby posing a threat to health when improperly managed.

405.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

A hazardous material response shall be in compliance with the County Chemical Emergency Response and Preparedness Plan (ORC § 3750.01 et seq.; OAC § 3750-1-01 et seq.).

The fire department, under the Ohio Fire Service Emergency Response Plan (OFCERP) for Hazardous Materials/WMD Incident Response, is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards. Fire department personnel have the primary role and authority in a HAZMAT incident. The OFCERP provides a central contact number for requests for assistance and operations support (888-822-4900).

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
- (b) Safely attempt to identify the type of hazardous material. Identification can be determined by placard, driver's manifest or statements from the person transporting the material.
- (c) Notify the appropriate fire department.
- (d) Provide first aid to injured parties if it can be done safely and without contamination.
- (e) Begin evacuation of the immediate and surrounding areas dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.

Hazardous Material Response

- (f) Responders should remain uphill and upwind of the hazard until a zone of entry and a decontamination area is established.

405.3 REPORTING EXPOSURE

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor or officer in charge. Each exposure shall be documented by the employee in an employee memorandum, which shall be forwarded via chain of command to the Chief of Police. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to an incident report.

405.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.

Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

406.2 POLICY

It is the policy of the Loveland Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

406.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume

Hostage and Barricade Incidents

the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

Hostage and Barricade Incidents

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police (PIO).

If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command

Hostage and Barricade Incidents

and assume the role of Incident Commander until properly relieved. This includes requesting a SRT response if appropriate and apprising the SRT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

406.6 SPECIAL RESPONSE TEAM RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SRT Commander, whether to deploy the SRT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SRT. The Incident Commander and the SRT Commander or the authorized designee shall maintain communications at all times.

406.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Loveland Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

407.1.1 DEFINITIONS

"Person Borne Explosive Device" means any explosive device of size and capacity to be carried and upon a person typically containing less than 50 pounds of explosive.

"Vehicle Borne Explosive Device" means any device of size and capacity to be carried in a vehicle. The size and capacity will depend upon the vehicle used.

"Incapacitate" means any means necessary to prevent a person from activating the explosive device, including the use of deadly force.

407.2 POLICY

It is the policy of the Loveland Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Lieutenant is immediately advised and informed of the details. This will enable the Shift Lieutenant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

407.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

407.4.1 LOVELAND POLICE DEPARTMENT FACILITY

If the bomb threat is against the Loveland Police Department facility, the Shift Lieutenant will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

Loveland Police Department

Loveland PD Policy Manual

Response to Bomb Calls

407.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Loveland Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Lieutenant deems appropriate.

407.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

407.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Loveland, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Lieutenant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

407.5.1 ASSISTANCE

The Shift Lieutenant should be notified when police assistance is requested. The Shift Lieutenant will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety

Response to Bomb Calls

of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Lieutenant determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

407.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.

Response to Bomb Calls

- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Lieutenant including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

407.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

407.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services

Response to Bomb Calls

- Field supervisor
- Shift Lieutenant
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

407.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

407.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Lieutenant should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

407.8 EVACUATION DISTANCE

Members will use the Department of Homeland Security Bomb Threat Standoff Chart to establish evacuation distances.

Civil Commitments

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORC § 5122.10).

408.2 POLICY

It is the policy of the Loveland Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

408.3 AUTHORITY

If an officer has reason to believe that a person is mentally ill and subject to court order because he/she presents a substantial risk of imminent physical harm to him/herself or others, the officer may take, or cause the person to be taken, into custody and immediately transport him/her to an appropriate hospital for evaluation (ORC § 5122.10).

408.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

408.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil Commitments

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

408.5 TRANSPORTATION

Officers may transport patients in the patrol unit and shall secure them in accordance with the handcuffing policy. Violent patients or those who are medically unstable may be restrained and transported by ambulance and ambulance personnel. An officer should accompany a violent patient when transported by ambulance. Transporting violent patients in a patrol unit equipped with a barrier or cage is generally safer with two officers in the vehicle. the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

408.5.1 MANNER OF TRANSPORTATION

Officers should make an effort to take individuals into custody in the least conspicuous manner possible. The officer shall inform the individual (ORC § 5122.10):

- (a) Of the officer's name, rank/title and agency.
- (b) That the person is not being arrested.
- (c) That the person is being taken for examination by mental health professionals at a mental health facility identified by name.

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy.

408.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

408.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

Civil Commitments

[See attachment: SKMBT_C55214012216270_0002.jpg](#)

408.7.1 REQUIRED DOCUMENTATION

The application for emergency admission should include the circumstances under which the person's condition was called to the attention of the officer, the circumstances under which the person was taken into custody and a description of probable cause to believe that the person, because of mental illness, chemical dependency or intoxication, is likely to harm him/herself or others if allowed his/her liberty. This statement shall be made available to the person or the person's attorney upon the request of either (ORC § 5122.10).

408.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

408.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

Loveland Police Department

Loveland PD Policy Manual

Civil Commitments

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

408.9.1 RETURN OF FIREARM

The officer taking custody of any firearm or other deadly weapon should provide the individual possessing such weapon the incident report number and the location where the weapon may be recovered.

408.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

409.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Loveland Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

409.2 POLICY

The Loveland Police Department will consider its resources and protecting the community when exercising any discretion to release suspected offenders on a citation when authorized to do so.

409.3 RELEASE

A suspected offender may be released on issuance of a citation as follows:

- (a) In cases of minor misdemeanors, officers shall not arrest the offender but shall issue a citation for all offenses in which the potential penalty does not exceed \$150 (ORC § 2935.26; Ohio R. Crim. P. 4.1(B)).
- (b) In all other misdemeanors, unless otherwise prohibited by law, officers having probable cause to arrest a person may, in lieu of making the arrest, issue the person a summons to appear if the officer reasonably believes that the summons will ensure the person's appearance. The officer shall also file a complaint describing the alleged offense (Ohio R. Crim. P. 4(3)).

409.4 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The offense is a minor misdemeanor (ORC § 2935.26(A)) and one of the following applies:
 - 1. The offender requires medical care or is unable to provide for his/her own safety.
 - 2. The offender cannot or will not offer satisfactory evidence of his/her identity.
 - 3. The offender refuses to sign the citation.
 - 4. The offender has previously been issued a citation for the commission of that misdemeanor and has failed to either:
 - (a) Appear at the time and place stated in the citation.
 - (b) Within seven days after receiving the citation, sign a plea of guilty and pay the total fine and costs by appearing in person or mailing the citation to the court.

Citation Releases

See the Domestic Violence Policy for release restrictions related to those investigations.

409.5 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the alleged offender.
- (c) The ability to identify the offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is a reasonable likelihood that criminal conduct by the individual will continue.
- (g) Whether sufficient personnel are available to provide police service

Foreign Diplomatic and Consular Representatives

410.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Loveland Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

410.2 POLICY

The Loveland Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

410.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Foreign Diplomatic and Consular Representatives

410.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

Rapid Response and Deployment

411.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

411.2 POLICY

The Loveland Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

411.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources. Whenever reasonably possible, a supervisor's priority should be the establishment of incident command and the coordination of resources unless the imminent protection of life is necessary.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.

Rapid Response and Deployment

- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

411.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

411.5 PLANNING

The Operations Section Lieutenant should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

Rapid Response and Deployment

411.5.1 SCHOOL SAFETY DRILLS

The Operations Section Lieutenant or the authorized designee should cooperate with local school officials required to conduct school safety drills in conjunction with the Loveland Police Department pursuant to ORC § 3737.73. The Department should consider information obtained during the drills when pre-planning department emergency responses to schools.

411.6 TRAINING

The Professional Standards Lieutenant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Loveland Police Department for investigating and enforcing immigration laws.

412.2 POLICY

It is the policy of the Loveland Police Department that all members make personal and professional commitment to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

412.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or Ohio Constitutions.

412.4 ENFORCEMENT

An officer may detain an individual when there are facts supporting a reasonable suspicion that the individual entered into the United States in violation of a federal criminal law. Federal authorities shall be notified as soon as possible and the detained individual shall be immediately released if the federal authorities do not want the person held. An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

412.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES

An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Ohio Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

- (a) An admission that the person entered the United States illegally.

Immigration Violations

- (b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.
- (c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.
- (d) Other factors based upon training and experience.

412.4.2 IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

- (a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer)
- (b) Immigration and Customs Enforcement (ICE)
- (c) U.S. Customs and Border Protection (CBP)

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person's presence in the United States relates to a federal civil violation or a criminal violation.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, the officer should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

412.4.3 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor or OIC should:

- (a) Confirm that the detained person's immigration status was properly verified.
- (b) Ensure that the detained person is taken into custody when appropriate. Take any additional steps necessary that may include, but are not limited to:
 - 1. Transfer to federal authorities.
 - 2. Lawful arrest for a criminal offense or warrant.

412.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges. Notification will be handled according to jail operation procedures.

Immigration Violations

No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

412.6 ICE REQUEST FOR ASSISTANCE

Requests by ICE, or any other federal agency, for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

412.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from ICE
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state or local government entity

412.7.1 IMMIGRATION HOLDS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

412.8 U VISA AND T VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by an officer in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by an officer in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Section supervisor assigned to oversee the handling of any related case. The Investigations Section supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

Loveland Police Department

Loveland PD Policy Manual

Immigration Violations

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

412.9 TRAINING

The Professional Standards Lieutenant shall ensure that all appropriate members receive immigration training.

Emergency Utility Service

413.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

413.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by Northeast Communications Center.

413.1.2 ELECTRICAL LINES AND NATURAL GAS LEAKS

City Public Works does not maintain electrical lines to street light poles. When a power line or natural gas leak poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines or gas. The utility company or Public Works should be promptly notified, as appropriate.

[See attachment: Duke First Responder Utility Safety Guidelines.jpg](#)

413.1.3 RESERVOIRS, PUMPS AND WELLS

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

413.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Communications Center.

413.2 TRAFFIC SIGNAL MAINTENANCE

The City of Loveland contracts with a private company to furnish maintenance for all traffic signals within the City, other than those maintained by the Ohio Department of Transportation (ODOT).

413.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

414.2 POLICY

It is the policy of the Loveland Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

414.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

414.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

414.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

414.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

414.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

414.8 DOCUMENTATION

All aircraft accidents occurring within the City of Loveland shall be documented. At a minimum, the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of LPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

414.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

414.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

414.9 MEDIA RELATIONS

The Chief of Police (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community.

Loveland Police Department

Loveland PD Policy Manual

Aircraft Accidents

Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Field Training Officer Program

415.1 PURPOSE AND SCOPE

The Field Training Officer Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Loveland Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Officer Program that is designed to prepare the new officer to perform in a patrol assignment and to acquire all of the skills needed to operate in a safe, productive and professional manner.

415.2 FIELD TRAINING OFFICER

The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

415.2.1 SELECTION PROCESS

415.2.2 TRAINING

An officer selected as an FTO shall successfully complete a Field Training Officer's course approved by the Department prior to being assigned as an FTO.

All FTOs should complete a Field Training Officer update course approved by the Department every five years while assigned to the position of FTO.

415.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

The Professional Standards Supervisor should complete Department-approved FTO program supervisory training within one year of appointment to this position.

The responsibilities of the FTO Program Supervisor include:

- (a) Assignment of trainees to FTOs.
- (b) Conduct FTO meetings.

Field Training Officer Program

- (c) Maintain and ensure FTO/trainee performance evaluations are completed.
- (d) Maintain, update and issue the Field Training Manual to each trainee.
- (e) Monitor individual FTO performance.
- (f) Monitor overall FTO Program.
- (g) Maintain liaison with FTO coordinators of other agencies.
- (h) Maintain liaison with academy staff on recruit performance during the academy.
- (i) Develop ongoing training for FTOs.

The Field Training Supervisor will hold periodic meetings with all FTOs to ensure understanding and compliance with the requirements of the Field Training Program. At least annually, the Field Training Supervisor will hold a process review meeting with all FTOs to discuss changes needed in the FTO Program. A summary of this meeting, with any recommendations or changes made, will be documented.

415.4 TRAINEE DEFINED

Trainee - Any entry level or lateral police officer newly appointed to the Loveland Police Department who has successfully completed a OPOTC approved basic academy and possesses an OPOTC basic training certificate within one year after commencing employment as a peace officer.

415.5 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

The required training will take place on at least two different shifts and with at least two different FTOs if reasonably possible.

415.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and skills necessary to properly function as an officer with the Loveland Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations of the Loveland Police Department.

Field Training Officer Program

415.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

415.6.1 FIELD TRAINING OFFICER

- (a) FTOs shall complete and submit a written evaluation on the performance of their assigned trainee to their immediate supervisor on a daily basis.
- (b) FTOs shall review the Daily Trainee Performance Evaluations with the trainee each day.
- (c) A detailed end-of-phase performance evaluation on the assigned trainee shall be completed by the FTO at the end of each phase of training.
- (d) FTOs shall be responsible for signing off on all completed topics contained in the Field Training Manual, noting the method of learning and evaluating the performance of the assigned trainee.

415.6.2 IMMEDIATE SUPERVISOR

The FTO's shift Lieutenant shall review and approve the Daily Trainee Performance Evaluations and forward them to the Field Training supervisor.

415.6.3 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a performance evaluation of each of his/her FTOs and of the Field Training Program.

415.7 DOCUMENTATION

All documentation of the Field Training Program will be retained in the officer's training files and will consist of the following:

- (a) Daily Trainee Performance Evaluations.
- (b) End of phase evaluations.
- (c) A Certificate of Completion, certifying that the trainee has successfully completed the required number of hours of field training.

Obtaining Air Support Assistance

416.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

416.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

416.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Lieutenant or designee will call the closest agency having air support available. The Shift Lieutenant will apprise that agency of the specific details of the incident prompting the request.

416.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard.
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.
- (f) Pre-planned events or actions that require air support.
- (g) When the Shift Lieutenant or equivalent authority determines a reasonable need exists.

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

417.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

417.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

417.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Loveland Police Department to strengthen community involvement, community awareness, and problem identification.

Contacts and Temporary Detentions

417.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

417.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

417.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

Contacts and Temporary Detentions

417.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

417.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

417.4.3 FIELD PHOTOGRAPHS OF CHILDREN

Field photographs may only be taken of a child with the consent of a juvenile court judge, except when the child has been (ORC § 2151.313):

- (a) Arrested or otherwise taken into custody for committing, or has been adjudicated as a delinquent child for committing, an act that would be a felony if committed by an adult.
- (b) Convicted of or pleaded guilty to committing a felony.
- (c) Arrested or otherwise taken into custody or has been adjudicated as a delinquent child for committing an act where all of the following apply:
 - 1. The offense is not a traffic offense or minor misdemeanor if committed by an adult.
 - 2. There is probable cause to believe the child may have been involved in the act.

The officer who photographs a juvenile shall immediately inform the juvenile court that the photographs were taken and shall provide the court with the identity of the juvenile, the number of photographs taken and the name and address of each person who has custody and control of the photographs or copies of the photographs (ORC § 2151.313(A)(2)).

417.4.4 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Lieutenant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Lieutenant should review and forward the photograph to one of the following locations:

Contacts and Temporary Detentions

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Lieutenant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Administrations Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

Photographs of children shall be retained in a file separate and apart from all photographs taken of adults until released to the juvenile court or as otherwise ordered by a juvenile judge (ORC § 2151.313(B)).

When a photograph of a child is taken in association with a particular case, before filing a complaint regarding the offense, the photograph may only be used in the investigation of the original offense and may only be released to the court.

After filing the complaint, the photograph may be used to investigate the original offense or to investigate any other juvenile delinquency offense involving the juvenile as a suspect. Photographs may also be used in a photo lineup when the child in the photograph has been adjudicated as a delinquent child for the commission of an act that would be a felony if committed by an adult, or convicted or pleaded guilty to a criminal offense that is a felony as a result of the arrest or custody that was the basis of the taking of the photographs (ORC § 2151.313(C)).

417.4.5 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

417.5 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or

Loveland Police Department

Loveland PD Policy Manual

Contacts and Temporary Detentions

probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

417.6 POLICY

The Loveland Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Shift Lieutenants

418.1 PURPOSE AND SCOPE

Each patrol shift should be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each shift.

418.2 DESIGNATION AS ACTING SHIFT SUPERVISOR

When a Lieutenant is unavailable for duty as Shift Supervisor, in most instances the most senior officer shall be designated as officer in charge. This policy does not preclude designating a less senior officer as an officer in charge when operational needs require or training permits.

The Shift Supervisor is responsible for designating the Officer in Charge of the next shift if the oncoming shift does not have a Shift Lieutenant assigned. If an Officer in Charge is not designated, the most senior officer serves as the Officer in Charge.

Mobile Audio Video

419.1 PURPOSE AND SCOPE

The Loveland Police Department has equipped marked patrol cars with Mobile Video Recording (MVR) systems. The MVR is designed to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MVR system to transmit or store video or audio data in an active mode.

In-Car Camera System and Mobile Video Recorder (MVR) - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MVR Technician - Personnel certified or trained in the operational use and repair of MVRs, duplicating methods, storage and retrieval methods and procedures, and who have working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

419.2 POLICY

It is the policy of the Loveland Police Department to use mobile video recording technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

419.3 OFFICER RESPONSIBILITIES

Adequate recording media should be checked to ensure there is enough media for the entire duty assignment. Only Loveland Police Department issued media is to be used.

At the start of each shift, officers will test the MVR system operation in accordance with manufacturer specifications and in accordance with training at the start of each shift. Testing includes:

- (a) The remote audio transmitter is functional and has an adequate power source.
- (b) It is connected to the recording equipment.
- (c) The transmitter can remotely activate the system.
- (d) The view of all cameras is free of obstruction.
- (e) All camera lenses are operational.
- (f) The camera is facing the intended direction.

Mobile Audio Video

(g) The recording mechanism captures both audio and video information.

(h) The system plays back both audio and video tracks.

System documentation is accomplished at the start of each shift by the officer recording himself/herself standing in front of the vehicle and giving a test count, recording his/her name and the current date and time. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service. After recording, the officer will review the video to verify the audio and video test recorded properly

419.4 ACTIVATION OF THE MVR

The MVR system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

419.4.1 REQUIRED ACTIVATION OF THE MVR

This policy is not intended to describe every possible situation in which the MVR system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MVR. The MVR system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. OVI investigations including field sobriety tests
 - 10. Consensual encounters

Mobile Audio Video

11. Crimes in progress
12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify the Communications Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 1. Family violence calls
 2. Disturbance of peace calls
 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

419.4.2 CESSATION OF RECORDING

Once activated, the MVR system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported to their final destination and removed from the vehicle, and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations. They may also temporarily mute the audio microphone to discuss tactical, safety, or legal questions. The microphone should be immediately turned on once the tactical, safety, or legal issue is resolved.

419.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MVR system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

419.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MVR systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made.

At reasonable intervals, supervisors should validate that beginning of shift recording procedures are followed.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MVR technician or crime scene

Mobile Audio Video

investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

419.5 REVIEW OF MVR RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the agency MVR technician. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MVR systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

419.6 DOCUMENTING MVR USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

Mobile Audio Video

419.7 RECORDING MEDIA STORAGE AND INTEGRITY

Media cards will be downloaded to the appropriate location on the computer network and will be retained as required by the established records retention schedule.

419.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy (ORC § 9.01).

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

419.7.2 MVR RECORDINGS AS EVIDENCE

Officers who reasonably believe that an MVR recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Loveland Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

419.8 SYSTEM OPERATIONAL STANDARDS

- (a) MVR system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MVR system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MVR system may not be configured to record audio data occurring prior to activation.
- (d) Officers using digital transmitters that are individually synchronized to their individual MVR shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (e) Officers shall not erase, alter, reuse, modify or tamper with MVR recordings. Only a supervisor, MVR technician or other approved designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (f) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MVR technician.

419.9 TRAINING

Users of the MVR systems and supervisors shall successfully complete an approved course of instruction prior to being deployed with MVR systems.

Mobile Digital Computer Use

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

420.2 POLICY

Loveland Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

420.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

420.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Lieutenants.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

420.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Mobile Digital Computer Use

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

420.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Lieutenant or other department-established protocol, all calls for service assigned by a telecommunicator should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a telecommunicator.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

420.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

420.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Lieutenant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

420.6 EQUIPMENT CONSIDERATIONS

420.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Communications Center. It shall be the responsibility of the telecommunicator to document all information that will then be transmitted verbally over the police radio.

Loveland Police Department

Loveland PD Policy Manual

Mobile Digital Computer Use

420.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

421.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Loveland Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

421.1.1 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standard: 12.2016.4

[See attachment: OCLEAC Standards Compliance Checklist Updated 2017.pdf](#)

421.2 POLICY

The Loveland Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

421.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

421.4 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which an officer would normally notify the Communications Center

Portable Audio/Video Recorders

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

421.4.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Ohio law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (ORC § 2933.52).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

421.4.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Officers may pause the audio recording temporarily to discuss tactical, safety, or legal issues. Recording should resume immediately after the issues have been resolved.

421.4.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

421.5 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned

Portable Audio/Video Recorders

recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Lieutenant. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

421.6 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

421.7 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

Portable Audio/Video Recorders

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

421.8 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.

The Systems Manager will be the Coordinator under this policy.

421.9 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule.

421.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Bicycle Patrol Unit

422.1 PURPOSE AND SCOPE

The Loveland Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

422.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. Its mobility and visibility in the community are hallmarks of its usefulness.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Shift Lieutenant.

422.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a request to the Bicycle Patrol Unit supervisor. Qualified applicants shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as they pertain to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

422.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected by the Chief of Police or designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating the performance of bicycle officers.

Bicycle Patrol Unit

- (e) Coordinating activities with the Operations Section.
- (f) Inspecting and documenting that bicycles are in a serviceable condition.
- (g) Other activities as required to maintain the efficient operation of the unit.

422.4 TRAINING

Participants in the program must complete an initial Department-approved bicycle-training course after acceptance into the program. Thereafter, bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment, including the helmet and riding gloves.

422.5 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the Department-approved uniform and safety equipment while operating the police bicycle in accordance with the Uniform policy. Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment. Officers will be responsible for obtaining the necessary forms, citation books and other needed equipment, and shall keep it available while on bike patrol.

422.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "Police" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front and rear lamps and a siren/horn. All equipment must meet legal requirements.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bags sufficient to carry the necessary equipment for handling routine patrol calls, including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, and tire tube. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with a steady or flashing white warning light that is visible from the front of the bicycle. A similar red light will be equipped on the rear of the bicycle.

Bicycle Patrol Unit

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance once yearly, to be performed by a repair shop/technician that is approved by the Department .

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of the bicycle supervisor or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

422.7 OFFICER RESPONSIBILITIES

Officers should operate the bicycle in compliance with Ohio law unless their duties require otherwise. Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment or in violation of routine rules of the road.

Foot Pursuits

423.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

423.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously reevaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place Department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances reasonably permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time, when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

Foot Pursuits

423.3 GENERAL GUIDELINES

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

- (a) Directed by a supervisor to terminate the foot pursuit, such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officers renders them incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the Communications Center or with backup officers.
- (h) The suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to Department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

423.4 RESPONSIBILITIES IN FOOT PURSUITS

Foot Pursuits

423.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be implemented and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the Communications Center of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

423.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

423.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever reasonably possible. The supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established Department guidelines.

The supervisor should terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Foot Pursuits

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-pursuit activity.

423.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

This policy does not control the policies of the communication center. However officers should expect, upon notification or becoming aware that a foot pursuit is in progress, the telecommunicator should:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Lieutenant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

423.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Loveland Police Department

Loveland PD Policy Manual

Foot Pursuits

423.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Homeless Persons

424.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Loveland Police Department recognizes that members of the homeless community are often in need of special protection and services. The Loveland Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

424.1.1 POLICY

It is the policy of the Loveland Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

424.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the homeless liaison officer. The responsibilities of the homeless liaison officer include:

- (a) Maintaining and making available to all Department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintaining a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 - 1. Proper posting of notices of trespass and clean-up operations.
 - 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property Procedures Policy and other established procedures.
- (e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

Homeless Persons

424.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

424.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Vulnerable Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

424.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the

Homeless Persons

officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the Department homeless liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the homeless liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the Department homeless liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the homeless liaison Officer to address the matter in a timely fashion.

424.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

424.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

425.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

425.2 POLICY

The Loveland Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

425.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

425.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

425.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

425.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Loveland Police Department

Loveland PD Policy Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Civil Disputes

426.1 PURPOSE AND SCOPE

This policy provides members of the Loveland Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Ohio law.

426.2 POLICY

The Loveland Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

426.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that extended peacekeeping efforts are warranted.

Civil Disputes

426.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.
- (c) Document in the report the name of the individual the officer spoke to at Hamilton County Central Warrants when confirming the court order.

A copy of the court order should be attached to the report when available. The reporting officer should contact the prosecutor's office to determine if charges should be filed. The report should also be forwarded to the court issuing the order with a notice that the prosecutor's office has been contacted for review.

426.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will recommend the person seek private legal advice.

426.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

Civil Disputes

426.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

First Amendment Assemblies

427.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

427.2 POLICY

The Loveland Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

427.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

427.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

427.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

427.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

427.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

427.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

First Amendment Assemblies

427.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

427.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

427.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Conducted Energy Device (CED)s should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

427.8 ARRESTS

The Loveland Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

427.9 MEDIA RELATIONS

The Chief of Police should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

427.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

427.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

427.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

427.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Suspicious Activity Reporting

428.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

428.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

428.2 POLICY

The Loveland Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

428.3 RESPONSIBILITIES

The Investigations Section Section Lieutenant and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigations Section Section Lieutenant include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

428.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

428.5 HANDLING INFORMATION

The Administrations Section will forward copies of SARs, in a timely manner, to the following:

- Investigations Section supervisor
- Crime Analysis Unit
- Other authorized designees

Medical Aid and Response

429.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

429.2 POLICY

It is the policy of the Loveland Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

429.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex and age, if known.
 - 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

429.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

429.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for the treatment. Members may sign as a witness.

429.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

429.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Medical Aid and Response

The Loveland Symmes Fire Department will establish guidelines for contacting and coordinating air ambulance response and landings. Loveland Police Department members will assist them with any reasonable task.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

429.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after the member has received the required training (ORC § 3701.85).

429.9 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

429.10 ADMINISTRATION OF EPINEPHRINE

Members who have completed epinephrine administration training may administer epinephrine in accordance with protocol specified by the physician who prescribed the medication for use by the member (ORC § 2925.64; ORC § 3728.01; ORC § 4729.47).

429.10.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated

administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Professional Standards Lieutenant.

Any member who administers epinephrine should contact the Communications Center as soon as possible and request response by EMS.

429.10.2 EPINEPHRINE REPORTING

Any member administering epinephrine should detail its use in an appropriate report.

429.10.3 EPINEPHRINE TRAINING

The Professional Standards Lieutenant should ensure that training is provided to members authorized to administer epinephrine. Currently, the Loveland Police Department does not train or permit its members to administer epinephrine.

429.11 FIRST AID TRAINING

Subject to available resources, the Professional Standards Lieutenant should ensure officers receive periodic first aid training appropriate for their position.

Crisis Intervention Incidents

430.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

430.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

430.2 POLICY

The Loveland Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

430.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

430.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Section Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

430.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Crisis Intervention Incidents

430.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

430.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the telecommunicator provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

430.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Section Lieutenant.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

430.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

430.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

430.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

Loveland Police Department

Loveland PD Policy Manual

Crisis Intervention Incidents

430.11 EVALUATION

The Section Lieutenant designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

430.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis (ORC § 109.742).

Medical Marijuana

431.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Ohio's medical marijuana laws.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Medical marijuana - Can include any of the following marijuana products obtained from a licensed dispensary (ORC § 3796.06; OAC § 3796:8-2-01):

- (a) Oil, tincture, capsule, or edible forms
- (b) Metered oil or solid preparation for vaporization
- (c) Patches for transdermal administration or lotions, creams, or ointments for topical administration
- (d) Plant material

Registry identification card - A card issued by the State of Ohio Board of Pharmacy as evidence that an individual is registered as a patient or caregiver (OAC § 3796:7-1-01).

431.2 POLICY

It is the policy of the Loveland Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Ohio's medical marijuana laws are intended to provide protection from prosecution to those who use, possess, administer, or cultivate marijuana to mitigate the symptoms of certain chronic or debilitating medical conditions. However, Ohio medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Loveland Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Ohio law and the resources of the Department.

431.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim
- (b) Investigations involving a registered patient
- (c) Investigations involving a caretaker

Medical Marijuana

431.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production, or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal claim may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

431.3.2 INVESTIGATIONS INVOLVING A REGISTERED PATIENT

Officers should not arrest or take enforcement action against registered patients who (ORC § 3796.22):

- (a) Obtain, use, or possess a quantity of medical marijuana allowed under OAC § 3796:8-2-04.
- (b) Possess any permissible paraphernalia or accessories associated with medical marijuana.

Patients who do not have a registry identification card in their possession should not be arrested when investigation supports a reasonable belief that the person is a registered patient.

431.3.3 INVESTIGATIONS INVOLVING A CAREGIVER

Officers should not arrest or take enforcement action against registered caregivers who (ORC § 3796.23):

- (a) Obtain or possess a quantity of medical marijuana allowed under OAC § 3796:8-2-04.
- (b) Possess any permissible paraphernalia or accessories associated with medical marijuana.

Caregivers who do not have a registry identification card in their possession should not be arrested when investigation supports a reasonable belief that the person is a registered caregiver.

431.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) The State of Ohio Board of Pharmacy may enter into reciprocity agreements with other states to allow their medical marijuana patient registration to be recognized in Ohio (ORC § 3796.16).
- (b) Because enforcement of medical marijuana laws can be complex, time-consuming, and can call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.

Loveland Police Department

Loveland PD Policy Manual

Medical Marijuana

3. Sufficient evidence, such as photographs or samples, have been lawfully obtained.
 4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (c) A person's status as a registered patient or caregiver is not a sufficient basis for conducting a field sobriety test. To conduct any field sobriety test, a law enforcement officer must have an independent, factual basis giving reasonable suspicion that the person was operating a vehicle under the influence of marijuana or with a prohibited concentration of marijuana in the person's whole blood, blood serum, plasma, breath, or urine (ORC § 3796.24).
- (d) Before proceeding with enforcement related to medical marijuana cultivators, processors, laboratories that test medical marijuana, and retail dispensaries, officers should consider conferring with appropriate legal counsel, the Ohio Department of Commerce, and/or the State of Ohio Board of Pharmacy.
- (e) Patients and caregivers shall not cultivate medical marijuana or manufacture medical marijuana extract unless specifically licensed to do so (OAC § 3796:7-2-05).

431.3.5 EXCEPTIONS

This policy does not apply to the following offenses. Officers may take enforcement action if the person:

- (a) Operates a vehicle, streetcar, trackless trolley, watercraft, or aircraft while under the influence of medical marijuana (ORC § 3796.22; OAC § 3796:7-2-05).
- (b) Uses, possesses, or administers medical marijuana on federal land or in other prohibited areas (ORC § 3796.24; OAC § 3796:7-2-05).

431.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

431.5 **EVIDENCE**

431.5.1 MEMBER RESPONSIBILITIES

The investigating member should notify the receiving Property Office member in writing when marijuana may be the subject of a medical claim.

431.5.2 PROPERTY BUREAU SUPERVISOR RESPONSIBILITIES

The Property Office supervisor should ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed. The Property Office supervisor is not responsible for caring for live marijuana plants.

Loveland Police Department

Loveland PD Policy Manual

Medical Marijuana

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property Office supervisor should, as soon as practicable, return to the person from whom it was seized any usable marijuana, plants, drug paraphernalia, or other related property.

The Property Office supervisor should not destroy marijuana that was alleged to be for medical purposes except upon receipt of a court order.

The Property Office supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations Section supervisor.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic collisions and improve the safety and quality of life for the community through traffic law compliance. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Loveland Police Department. Information provided by the Ohio Traffic Safety Office (OTSO) is a valuable resource for traffic collision occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic laws and address collision-causing violations during those periods and at those locations where the incidence of collisions is increased. As a matter of routine, all officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. All officers shall maintain high visibility while working general enforcement, especially at high-collision incidence locations.

Other factors to be considered for deployment are citizen requests, construction zones, school zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and may be substituted for arrests or citations when circumstances warrant.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation (ORC § 2935.27). Officers should provide the following information at minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.
- (d) The court contact information.
- (e) The person's driver license will be suspended for failure to comply with the directions on the citation.

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court having jurisdiction over the violation within the county in which the offense charged is alleged to have been committed (Ohio Traf. R. Rule 3(E)(1)).

500.3.4 REFUSAL TO SIGN TRAFFIC CITATION OR PROVIDE SATISFACTORY IDENTIFICATION

A person who refuses to sign a traffic citation or provide satisfactory identification, and thereby declines to make a written promise to appear in court, may immediately be taken before a magistrate (ORC § 2935.26(A)(2); ORC § 2935.26(A)(3)). When reasonable under the circumstances, a supervisor may be requested to assist with resolution of the incident prior to resorting to an arrest.

500.4 SUSPENDED OR REVOKED DRIVER LICENSE

If an officer contacts a traffic violator for driving on a suspended, revoked, or restricted license and the violation is not an unclassified misdemeanor, the officer shall, without a warrant, arrest the violator (ORC § 2935.03; ORC § 4510.11; ORC § 4510.14).

In addition, if the violator is arrested for driving under an operating a vehicle under the influence (OVI) suspension, the officer shall seize the vehicle and its license plates if the vehicle is registered in the arrested person's name (ORC § 4510.41(B)(1)). At the time of the seizure, the arresting officer shall notify the arrestee, in writing, of the following:

- (a) The vehicle and its license plates are being seized.
- (b) The vehicle will either be kept by the Department or will be immobilized at least until the person's initial court appearance.

Traffic Function and Responsibility

- (c) The court may order that the vehicle and license plates be released to the arrested person until the disposition of the charge.
- (d) If the arrestee is convicted, the court generally must order the immobilization of the vehicle and the impoundment of its license plates or the forfeiture of the vehicle.
- (e) The arrestee may be charged expenses or charges.

The arresting officer shall ensure that the Bureau of Motor Vehicles (BMV) Form 2255 is completed as required and that written notice of the seizure is forwarded to the court of initial jurisdiction (ORC § 4510.41(B)(2)).

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes officer might benefit from being readily identified as an officer.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the designated storage area of each patrol and investigation unit, in the saddlebag or gear bag of each police bicycle, or in the officer's duty bag. Each vest should be stored in such a manner as to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure he/she has a serviceable high-visibility vest in the vehicle. Additional high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. Notify your Shift Lieutenant promptly if in need of a replacement high-visibility vest

Traffic Collision Response and Reporting

501.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic collisions, providing aid and assistance, documentation of the incident and identification of criminal activity. The Loveland Police Department prepares traffic collision reports in compliance with ORC § 5502.11 and OAC § 4501-31-01(A). As a public service the Loveland Police Department shall make traffic collision reports available to the public (ORC § 5502.12).

501.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic collision. A traffic collision with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate.

501.2.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at a collision, should consider the following:

- (a) The most appropriate route to the incident.
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene.
- (c) Potential for involvement of hazardous materials.
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing).
- (e) Provide first aid to any injured parties if it can be done safely, and obtain medical assistance as necessary.
- (f) Provision of traffic control and protection of the scene.
- (g) Clearance of the roadway.

501.3 COLLISION INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) Determination if any crime has occurred and taking appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms.

Traffic Collision Response and Reporting

501.4 TAKING ENFORCEMENT ACTION

Officers typically cannot make an arrest for a misdemeanor that did not occur in their presence. After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Ohio law led to the collision, officers should issue a traffic citation or a misdemeanor citation to the offending driver.

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.5 TRAFFIC COLLISION REPORTING

501.5.1 OFFICER RESPONSIBILITIES

Department members shall utilize the Ohio traffic crash report prepared by the Ohio Department of Public Safety as required for the reporting of traffic collisions (OAC § 4501-31-01(A)). All traffic collision reports taken by members of this department shall be forwarded to the Shift Lieutenant for approval and data entry into the records management system.

501.5.2 RECORDS RESPONSIBILITY

Records will be responsible for:

- (a) Monthly and quarterly reports on traffic collision statistics, to be available to the Shift Lieutenant or other persons as requested.
- (b) Forwarding all traffic accident reports involving a fatality, personal injury or property damage greater than \$1000 to the Department of Public Safety within five days of the investigation (ORC § 5502.11 and OAC § 4501-31-01).
- (c) Upon the request of an owner whose real property received damage caused by the operation of a motor vehicle, providing the names of persons charged with any offense related to the damage as soon as possible after the persons are charged with the offense (ORC § 2935.28).

501.6 REPORTING SITUATIONS

501.6.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision on a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Section Lieutenant.

Loveland Police Department

Loveland PD Policy Manual

Traffic Collision Response and Reporting

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.6.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on- or off-duty, is involved in a traffic collision within the jurisdiction of the Loveland Police Department and it results in a serious injury or fatality, the Shift Lieutenant or the Shift Lieutenant should request the Ohio State Highway Patrol or other outside agency complete an investigation and report.

The term serious injury is defined as any injury that may result in a fatality.

501.6.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Shift Lieutenant or Shift Lieutenant may request assistance from the Ohio State Highway Patrol or other outside agency for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.6.4 TRAFFIC COLLISIONS INVOLVING DEER KILLED BY MOTOR VEHICLE

A traffic collision involving the death of a deer entitles the driver of the motor vehicle to take possession of the deer provided that (ORC § 1533.121):

- (a) Within 24 hours of the collision, the driver reports the accident to law enforcement.
- (b) Law enforcement inspects the carcass to determine the injuries are consistent with a motor vehicle accident.
- (c) Upon confirmation that the death has been caused as alleged, a certificate for legal ownership of the deer shall be issued to the driver by the law enforcement agency receiving the report.
- (d) If the deer is unclaimed, the certificate for legal ownership may be given to a private or public institution, charity or to another person.

501.6.5 TRAFFIC COLLISIONS INVOLVING INJURED ANIMALS

Department members shall refer to the Animal Control Procedures Policy when a traffic collision involves disposition of an injured animal.

501.7 NOTIFICATION OF SHIFT LIEUTENANT

In the event of a serious injury or death-related traffic collision, the Shift Lieutenant shall notify the Shift Lieutenant to relate the circumstances of the traffic collision and seek assistance from the Shift Lieutenant. In the absence of a Shift Lieutenant, the Shift Lieutenant or any supervisor may assign an investigator or motor officer to investigate the traffic collision.

501.7.1 NOTIFICATION OF THE FLEET COORDINATOR

The Fleet Manager will be notified of any collision or damage to a department vehicle where repairs at an authorized mechanic or other outside vendor will be required.

Loveland Police Department

Loveland PD Policy Manual

Traffic Collision Response and Reporting

501.8 AGENCY DESIGNATION

The Loveland Police Department chooses not to designate a Traffic Bureau Manager. The Shift Lieutenant serves in this role. Consequently, you may see double entries for the Shift Lieutenant in this policy.

Vehicle Towing and Release Policy

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Loveland Police Department and under the authority of ORC § 4510.41, ORC § 4511.67, ORC § 4513.60 and ORC § 4513.61 or other applicable municipal ordinance.

502.2 RESPONSIBILITIES

It is the preferred action of the Department not to tow a vehicle when not required by Ohio law, or when the vehicle can be left reasonably secure, safe and legally parked. The responsibilities of those employees storing or impounding a vehicle are as follows:

502.2.1 COMPLETION OF VEHICLE IMPOUND AND INVENTORY REPORT (TOW SHEET)

Department members requesting storage of a vehicle shall complete a Vehicle Impound and Inventory Report including a description of property within the vehicle. A copy is to be given to the tow truck operator and vehicle operator/owner. All additional copies are to be submitted to the Administrations Section as soon as practicable after the vehicle is stored. At the time of the tow officers shall ensure the registered owner is notified of the tow, the name of the tow company and the location of the vehicle storage and record the notice on the Vehicle Impound and Inventory Report. In addition, the officers shall ensure photographs are taken of each side, the interior, and VIN number of the vehicle, and attach those photographs to the report.

Records Bureau personnel shall promptly search Ohio Bureau of Motor Vehicles records to identify the owner and any lien holder of a motor vehicle ordered into storage. Administrations Section personnel shall send a notice to the owner and any lien holder that the motor vehicle will be declared a nuisance and disposed of if not claimed within 10 days of the date of mailing of the notice (ORC § 4513.61). Consult the Vehicle and Towing Procedure for additional information; [OH Procedures Manual: 502.7 Vehicle Salvage](#)

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or for information should inquiries be made. The Systems Manager shall ensure that records are maintained of motor vehicles towed and/or disposed of by this department, as required by Ohio law (ORC § 4513.60(D)(2) and ORC § 4513.61).

502.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the Communications Center. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

Vehicle Towing and Release Policy

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a company selected from the rotational list of towing companies. The officer will then conduct an inventory and store the vehicle using a Vehicle Impound/Storage Report.

502.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.3 TOWING SERVICES

The City of Loveland periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is seized pursuant to a violation of ORC § 4511.195, ORC § 4510.14, or ORC § 4511.203.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list. Nothing in this policy shall require the Department to tow a vehicle except as required by Ohio law.

502.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

It is the preferred action of the Department to leave vehicles at the scene whenever practicable. The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene

Vehicle Towing and Release Policy

In such cases, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the tow sheet. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safe keeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Impaired Driving

503.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of operating a vehicle under the influence of alcohol or drugs (OVI).

503.2 POLICY

The Loveland Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Ohio's impaired driving laws.

503.3 FIELD TESTS

The Shift Lieutenant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of OVI laws.

503.4 CHEMICAL TESTS

A person implies consent under Ohio law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORC § 4511.191):

- (a) The arresting officer has reasonable grounds to believe the person was operating or in physical control of a motor vehicle while under the influence of alcohol, a drug or a combination of the two.
- (b) An officer has arrested a person under the age of 21 and has reasonable grounds to believe the person was OVI (ORC § 4511.19(B)).
- (c) The person has been arrested for a substantially equivalent municipal OVI ordinance.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious) the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

503.4.1 BREATH SAMPLES

The Shift Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Shift Lieutenant.

503.4.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORC § 4511.19(D)(1)(b)). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Impaired Driving

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

503.4.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

503.4.4 STATUTORY NOTIFICATIONS

An officer arresting a person for OVI shall, prior to requesting that the person submit to a chemical test, read from a written form the mandatory statutory advice provided by ORC § 4511.192(B). The reading of the advice shall be witnessed by one or more persons and the witness shall certify to this fact by signing the form (ORC § 4511.192(A)).

If the arrestee has a previous conviction for OVI as described in ORC § 4511.191, the officer (ORC § 4511.191(A)(5)):

- (a) Shall request the person to submit to a chemical test.
- (b) Is not required to advise the person of the consequences of submitting or refusing to submit to a chemical test.
- (c) Is not required to provide the person with the written form described in this policy.
- (d) Shall advise the person that the officer may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test.
- (e) At the time of arrest, shall advise the person that he/she may have an independent chemical test taken at his/her own expense and permit such testing (ORC § 4511.19(D)(3)).

If an officer does not ask the arrestee to submit to a chemical test, the officer shall seize the person's driver license and forward it to the court in which the person is to appear, pursuant to ORC § 4511.192(C). If the person is not in possession of his/her license, the officer shall order the person to submit it to this department within 24 hours of the arrest.

Impaired Driving

503.5 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORC § 4511.191).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

503.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of license suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person. If a person was arrested only for having physical control of a vehicle while under the influence pursuant to ORC § 4511.194, the officer shall not seize the person's driver license if the person submits to the chemical tests, regardless of the amount of alcohol or controlled substances indicated by the test (ORC § 4511.192(D)).

503.5.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses to submit to a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

503.5.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Ensure a search warrant is obtained.
- (b) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (c) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (d) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (e) Ensure that the blood sample is taken in a medically approved manner.

Impaired Driving

- (f) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (g) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (h) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

503.6 ARREST AND INVESTIGATION

503.6.1 DESIGNATION OF CHEMICAL TESTS

The type of chemical test to be administered to persons in violation of OVI laws shall be the type designated by the Department and administered at the direction of the arresting officer (ORC § 4511.191(A)(3)).

503.6.2 TIME TO CONSENT TO TEST

If an officer requests that a person consent to providing a chemical sample pursuant to Ohio law, failure to consent to the test within two hours of the alleged violation automatically constitutes a refusal (ORC § 4511.192(A)).

503.6.3 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test, or submits to the test and the results indicate a prohibited concentration of alcohol, controlled substance or metabolite of a controlled substance, the officer shall (ORC § 4511.192(D)):

- (a) Confirm the arrested person's residence and notify the Bureau of Motor Vehicles (BMV) of any change.
- (b) Within 48 hours, forward a sworn report to the BMV and the court in which the arrested person will appear that contains the statements required by ORC § 4511.192(D)(1)(d).
- (c) Provide a copy of the officer's sworn report to the arrested person, if available. A copy of an unsworn report may be provided to the arrested person provided that the report is complete when given to the person and that it is subsequently sworn to by the arresting officer (ORC § 4511.192(E)).

Impaired Driving

503.6.4 VEHICLE SEIZURE

An officer arresting a person for OVI shall seize the vehicle the person was operating at the time of the offense if the person is the registered owner of the vehicle and either of the following conditions apply (ORC § 4511.195(B)):

- (a) The person is arrested for OVI or for a municipal OVI ordinance and has been previously convicted of or pleaded guilty to OVI, or an equivalent offense, within the last 10 years.
- (b) The person is arrested for OVI or for a municipal OVI ordinance and has been previously convicted of or pleaded guilty to a felony OVI offense, regardless of when the conviction or guilty plea occurred.

503.7 ADMINISTRATIONS SECTION RESPONSIBILITIES

The Systems Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

503.8 ADMINISTRATIVE HEARINGS

The Systems Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the BMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the BMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Administrations Section should forward this to the prosecuting attorney as part of the case file.

503.9 TRAINING

The Professional Standards Lieutenant should ensure that officers participating in the enforcement of OVI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to OVI investigations. The Professional Standards Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

504.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

504.2 RESPONSIBILITIES

Employees of this department shall use the Ohio Uniform Traffic Ticket for all traffic offense citations (Ohio Traf. R. Rule 3(A)). The Chief of Police or designee shall determine whether to use the Ohio Uniform Traffic Ticket or adopt a local parking ticket for parking violations (ORC § 4521.03).

The Records Bureau shall be responsible for the issuance and accounting of all traffic citations provided to employees of this department (Ohio Traf. R. Rule 3(D)). Citations will be kept in a secure location and issued to officers by Records Administrator. Officers will sign for the citation books when issued and the Records Administrator is responsible for maintaining records of parking tickets issued by members of this department (ORC § 4521.03(D)).

504.2.1 OFFICER RESPONSIBILITIES

The officer who issues a moving traffic ticket shall do all of the following (Ohio Traf. R. Rule 3(E)):

- (a) Complete the ticket with all available information and sign the ticket.
- (b) Serve a copy of the completed ticket on the defendant.
- (c) File the court copy with the court without unnecessary delay.
- (d) Notify the recipient that he/she must comply with the directions on the ticket or his/her license will be cancelled, he/she will not be eligible for the reissuance of a license for one year, and he/she will be subject to any applicable criminal penalties.

504.2.2 DATA COLLECTION

The Administrations Section should maintain information relating to traffic stops in which a citation is issued, and to arrests resulting from those traffic stops, including information relating to the race or ethnicity of the individual detained.

504.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Shift Lieutenant. Upon a review of the circumstances involving the issuance of the traffic citation, the Shift Lieutenant may request the Operations Section Lieutenant to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Traffic Citations

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the prosecutor to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Section Lieutenant for review.

504.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Administrations Section.

504.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall correct the citation and indicate their correction in the RMS record and on the back of the citation. They shall include the specific fields were altered and their reasons of altering the citation.

Supervisors may correct citations as long as the correction is minor in nature and does not alter the facts of the case. They shall indicate their correction in the RMS and on the back of the citation. They shall include the specific fields that were altered and their reasons of altering the citation.

504.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations shall be filed with the Records Administrator.

Upon separation from employment with this department, all employees who were issued traffic citation books shall return any unused citations to the Records Bureau.

504.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

Juveniles will be cited to the court in which the offense occurred.

504.8 WRITTEN WARNINGS/COMMUNITY CONTACTS

Written warnings may be issued when an officer believes it is appropriate. The Administrations Section should maintain information relating to traffic stops in which a written warning is issued. Written warnings are retained by this department in accordance with the organization's records retention schedule.

A community contact form will be completed on every official officer enforcement encounter, such as traffic stops, suspicious person, etc., when another form has not already captured the same

information. If an officer encounters a situation where a citizen is not required to provide their information, and they choose not to, the officer will complete the form using their best estimates.

Disabled Vehicles

505.1 PURPOSE AND SCOPE

Law enforcement and other public agencies may develop and adopt a written policy to provide assistance to motorists in disabled vehicles that are within their primary jurisdiction.

505.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

505.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by Department personnel will be contingent on the time of day, the location, the availability of Department resources and the vulnerability of the disabled motorist.

505.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

505.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

Abandoned and Overtime Parked Vehicles

506.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording and storage of abandoned vehicles or overtime parked vehicles on public or private property under the authority of ORC § 4513.60 and ORC § 4513.61.

506.1.1 DEFINITIONS

Definitions related to this policy include:

Abandoned Junk Vehicle - A motor vehicle meeting all of the following requirements (ORC § 4513.63):

- The motor vehicle has remained on private property for more than 48 hours without the permission of the property owner, or on a public street or upon or within the right-of-way of any road or highway for 48 hours or longer.
- The motor vehicle is three years old or older.
- The motor vehicle is extensively damaged, including but not limited to, any of the following: missing wheels, tires, motor or transmission.
- The motor vehicle is apparently inoperable.
- The motor vehicle has a fair market value of \$1,500 or less.

Private Residential Property - Private property on which is located (ORC § 4513.60(A)(3)):

- Does not include any private property on which is located one or more structures that are used as a home, residence or sleeping place by two or more persons, if more than three separate households are maintained in the structure or structures.

506.2 MARKING VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of Ohio abandoned vehicle laws shall be marked and noted in the computer aided dispatch (CAD) system. No case number is required at this time.

A visible chalk or crayon should be placed on the rear window or left rear tire tread at the fender level unless the vehicle is missing tires or other vehicle conditions or the weather prevents marking. Any deviation in markings shall be noted.

If a marked vehicle has been moved or the markings have been removed during an investigation period, the vehicle may be marked again and the CAD updated.

Abandoned and Overtime Parked Vehicles

506.3 VEHICLE STORAGE

506.3.1 PRIVATE PROPERTY

A vehicle, other than an abandoned junk motor vehicle, left on private residential or private agricultural property, that has not been established as a private tow-away zone, without the permission of the property owner, may be removed if (ORC § 4513.60(A)(1)):

- (a) A complaint is received from any person adversely affected and the motor vehicle has been left for at least four hours.
- (b) A complaint is received from a representative of a repair garage or place of storage because the motor vehicle has been left at the garage or place of storage for a period longer than that agreed upon.

506.3.2 PUBLIC PROPERTY

Any motor vehicle, including an abandoned junk motor vehicle, left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, may be removed if the motor vehicle has been left for 48 hours or longer. When such a motor vehicle constitutes an obstruction to traffic, it may be ordered into storage immediately (ORC § 4513.61).

506.3.3 VEHICLE STORAGE REPORTING

Any vehicle in violation shall be stored by the authorized towing service or municipal, impound facility and a vehicle impound/storage form shall be completed by the officer authorizing the storage of the vehicle.

The vehicle impound/storage form shall be submitted to the Administrations Section as soon as practicable following the storage of the vehicle. It shall be the responsibility of the Administrations Section to search Ohio Bureau of Motor Vehicles records within five days to identify the owner and any lien holder of a motor vehicle ordered into storage. Administrations Section personnel shall send a notice to the owner and any lien holder that the motor vehicle will be declared a nuisance and disposed of if not claimed within 10 days of the date of mailing the notice (ORC § 4513.61).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Loveland Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Lieutenant.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

If a person is suspected of committing a violation of any offense enumerated in ORC § 2933.81, officers should both audio and video record, in its entirety, any custodial interrogation occurring at the station, a jail or other place of detention (ORC § 2933.81).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations Section supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 RECORD KEEPING AND RETENTION REQUIREMENTS

Electronic recordings of custodial interrogations shall be clearly labeled and retained as required by ORC § 2933.81(D).

600.5 COLD CASE REGISTER

The Department should maintain a confidential cold case register for offenses, including homicides and felony sexual offenses that have remained unsolved for more than one year. As reasonably practicable, cold cases should be revisited periodically for new information.

The Investigations Section should submit cold cases to the Ohio Bureau of Criminal Investigation (BCI), which will provide investigative support in accordance with the BCI's Unresolved Homicide Initiative.

Investigation and Prosecution

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult or Vulnerable Person Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery

Loveland Police Department

Loveland PD Policy Manual

Investigation and Prosecution

to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Section Lieutenant or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

property. A list may be requested from the appropriate clerk of the court or prepared pursuant to rules adopted by the Ohio Department of Public Safety (DPS). The list shall also be provided to DPS in the format and manner described in OAC § 4501:5-3-01. Following the initial submission of the list, if there are any updates, a new list shall be submitted to dealers and DPS on the first business day of each month (ORC § 4737.04; OAC § 4501:5-3-01).

An individual included on the list prepared by this department may request that his/her name be removed by filing an application with the Investigations Section. The Investigations Section supervisor or the authorized designee shall remove the applicant's name from the list if the individual has not been convicted of, or pleaded guilty to, either of the following (ORC § 4737.04):

- (b) A felony theft offense within six years immediately prior to the date of the application

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult or Vulnerable Person Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 29, Chapter 2907 (Sex Offenses).

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Loveland Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations (ORC § 2907.30).
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Section supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.6 TRAINING

Subject to available resources, periodic training will be provided to:

- (a) Members who are first responders. This includes, but is not limited to:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators who should receive advanced training on additional topics. This includes, but is not limited to:
 - 1. Interviewing sexual assault victims.
 - 2. SART or multidisciplinary response team.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma (ORC § 2907.30).

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

Sexual Assault Investigations

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator (ORC § 2907.30).

No opinions of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; ORC § 2907.10).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault. If a drug-facilitated sexual assault is suspected, urine and blood samples from the victim should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.8.1 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in by the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.8.2 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

Sexual Assault Investigations

- (a) Submit biological evidence to the appropriate crime laboratory within thirty days for a DNA analysis after it has been determined that any of the following offenses have occurred (ORC § 2933.82):
 - (a) A rape offense (ORC § 2907.02).
 - (b) A sexual battery offense (ORC § 2907.03).
 - (c) Gross sexual imposition with a victim less than 13 years of age (ORC § 2907.05).
 - (d) Any sexual assault involving a homicide or an attempted homicide offense (ORC § 2907.02).
- (b) Facilitate the testing of a suspect for disease as set forth in ORC § 2907.27 upon the request of a victim or the prosecutor.

Additional guidance regarding evidence retention and destruction is found in the Property Office Policy.

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Section supervisor.

Classification of a sexual assault case as unfounded requires the Investigations Section supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.10 CASE REVIEW

The Investigations Section supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- (a) Case dispositions.
- (b) Decisions to collect biological evidence.
- (c) Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.11 INVESTIGATIONS SECTION SUPERVISOR

The Investigations Section supervisor will review and follow all felony sexual assault investigations.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Loveland Police Department seizes property for forfeiture or when the Loveland Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - Includes the following (ORC § 2981.02; ORC § 2981.04; ORC § 2981.05):

- (a) Contraband involved in an offense.
- (b) Proceeds derived from or acquired through the commission of an offense.
- (c) An instrumentality that is used in, or intended to be used in, the commission or facilitation of any of the following offenses:
 - 1. A felony.
 - 2. A misdemeanor, when forfeiture is specifically authorized by a section of the Ohio Revised Code, or by a municipal ordinance that creates the offense or sets forth its penalties.
 - 3. An attempt to commit, complicity in committing or a conspiracy to commit either of the above.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.2 POLICY

The Loveland Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

Asset Forfeiture

It is the policy of the Loveland Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture identified in a search warrant or court order.
- (b) Property subject to forfeiture that is not the subject of a court order but for which an officer has probable cause to believe qualifies as property subject to forfeiture (ORC § 2981.03).

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method. Real property shall only be seized by court order unless an immediate need to protect the public exists (ORC § 2981.03).

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Property that reasonably appears to the officer to have a value disproportionate to the severity of the crime considering the impact of the offense on the community, the extent to which the owners participated in the offense and whether the offense was completed or attempted (ORC § 2981.09).

When deciding to seize property as an alleged instrumentality of a crime under ORC Chapter 2981.02, officers should consider:

- Whether the offense could not have been committed or attempted but for the presence of the property.
- Whether the primary purpose in using the property was to commit or attempt to commit the offense, and
- The extent to which the property furthered the offense.

Asset Forfeiture

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.5 MAINTAINING SEIZED PROPERTY

The Property Office supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used by the Department unless the forfeiture action has been completed.

Asset Forfeiture

603.2 POLICY

The Loveland Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

- (d) The Chief of Police or the authorized designee

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Section Lieutenant, Investigations Section supervisor or their authorized designees.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be

Informants

unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.

- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigations Section. The Investigations Section supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Section Lieutenants, Investigations Section supervisor or their authorized designees.

The Investigations Section Section Lieutenant should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigations Section supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Loveland Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations Section supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (ORC § 2933.83):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
 - 1. If applicable, the member shall advise the witness that the member does not know who the suspect is.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures, instructions and any results.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any witness identification of one or more fillers in the lineup.
- (l) Other process direction adopted by the Ohio Attorney General under ORC § 2933.831.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures (ORC § 2933.83).

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.7 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup (ORC § 2933.83)

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.

Loveland Police Department

Loveland PD Policy Manual

Eyewitness Identification

7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show up, rather than bring the subject of the show up to the witness.
- (e) A subject of the show up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show up one at a time.
- (g) The person who is the subject of the show up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show up as the perpetrator, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Loveland Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Loveland Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Loveland Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Brady Material Disclosure

605.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Chief or his designee shall accompany all relevant personnel files during any in camera inspection and address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Chief or his designee should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

606.2 POLICY

It is the policy of the Loveland Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

606.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

606.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

606.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

606.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

606.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

606.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

606.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment

Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Loveland Police Department are utilized appropriately. Any concerns regarding the requested use of Loveland Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Lieutenant should assume this role.

If officers intend to serve a warrant outside Loveland Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Loveland Police Department when assisting outside agencies or serving a warrant outside Loveland Police Department jurisdiction.

606.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.12 TRAINING

The Professional Standards Lieutenant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

607.2 POLICY

It is the policy of the Loveland Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

607.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

607.4 RISK ASSESSMENT

607.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Special Response Team (SRT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Operations Planning and Deconfliction

8. Canines
 9. Property Office or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

607.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

Operations Planning and Deconfliction

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult or Vulnerable Person Abuse, Child and Dependent Adult Safety and Animal Control Procedures policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

607.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

607.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that the Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by the Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.8 SRT PARTICIPATION

If the operations director determines that SRT participation is appropriate, the director and the SRT supervisor shall work together to develop a written plan. The SRT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SRT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

607.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SRT debriefing.

Loveland Police Department

Loveland PD Policy Manual

Operations Planning and Deconfliction

607.11 TRAINING

The Professional Standards Lieutenant should ensure officers and SRT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for Department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or Department property while performing their assigned duties. Certain procedures are required depending on the loss and ownership of the item.

700.2 DOCUMENTATION OF ISSUED PROPERTY

All property issued shall be documented in the appropriate property sheet or equipment log and receipt acknowledged by signature. Upon an employee's separation from the Department, all issued equipment shall be returned and documentation of the return signed by a supervisor.

700.2.1 CARE OF DEPARTMENT PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of Department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of Department property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Employees shall promptly report through the chain of command, any loss, damage to or unserviceable condition of any Loveland Police Department-issued property or equipment assigned for their use.
 - 1. A supervisor receiving such a report shall conduct an appropriate investigation, and if negligence or improper care is discovered, direct a memo to the Chief of Police that shall include the result of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss, damage or unserviceable condition.
- (b) The use of damaged or unserviceable Department property should be discontinued as soon as practicable and, if appropriate and approved by the staff, replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, Department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.

Department-Owned and Personal Property

- (e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 USE OF PERSONAL PROPERTY

The carrying of personal equipment on-duty or its use in the performance of duties requires prior written approval by the Chief of Police. The employee should submit for approval the description of personal property the employee has requested to carry, the reason for its use, the period of its use and the terms of its use. Personal property of the type routinely carried by persons not performing law enforcement duties that is not a weapon are excluded from this requirement.

700.3.1 DEFINITIONS

Definitions related to this policy include:

Personal Property - Items or equipment owned by, provided by or purchased totally at the expense of the employee. This definition includes optional equipment items identified in the Police Uniform Regulations Policy.

700.3.2 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made in a memo. This memo is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor receiving such a report shall make an appropriate investigation and direct a memo to the Chief of Police that shall include the result of his/her investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by the staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police in accordance with the current CBA and City policy, who will then forward the claim to the finance department.

The Department will not replace or repair costly items (e.g., jewelry, exotic equipment) that are not reasonably required as a part of work.

700.3.3 REPORTING REQUIREMENT

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the internet.

701.2 POLICY

The Loveland Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance). This section does NOT apply to members who receive a phone stipend.

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or -funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be

Personal Communication Devices

subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provision of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Loveland Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate

Personal Communication Devices

compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisor include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

Loveland Police Department

Loveland PD Policy Manual

Personal Communication Devices

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD (ORC § 4511.204).

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORC § 4511.204). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.10 DEPARTMENT DESIGNATION

The City of Loveland issues PCDs to members based on assignment. This list of assignments is located in the [Loveland Police Department Procedures Manual: 701.2 Department Issued Personal Communications Devices](#). The Department elects NOT to allow its members to receive a stipend and use a personally owned device for Department use.

The Department designates Speedway as its authorized refueling location under this policy. The Department designates Mike's Car Wash as the washing location under this policy.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Loveland to provide assigned take-home vehicles.

703.2 POLICY

The Loveland Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Shift Lieutenant shall ensure a copy of the briefing report indicating member assignments and vehicle numbers is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the report.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Lieutenant. A notation will be made on the briefing report indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance yard or carwash.

703.3.3 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. When it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging) officers shall use the ignition lock switch and remove the key. Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.4 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Loveland Police Department

Loveland PD Policy Manual

Vehicle Use

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

703.3.6 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

 - 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for coordinating the care and maintenance of the vehicle.

703.4.4 ENFORCEMENT ACTIONS

703.5 UNMARKED VEHICLES

Vehicles are assigned to various sections and their use is restricted to the respective section and the assigned member, unless otherwise approved by a section supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the section for that purpose. Any use of unmarked vehicles by those who are not assigned to the section to which the vehicle is assigned shall also record the use with the Shift Lieutenant on the shift assignment roster.

703.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Response and Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Shift Lieutenant. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

Protected Information

803.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Loveland Police Department. 803.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know (OAC § 4501:2-10-06(C)).

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Systems Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Administrations Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Animal Control

804.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

804.2 THE HUMANE SOCIETY RESPONSIBILITIES

Animal control services are generally the primary responsibility of the Humane Society and include the following:

- (a) Animal-related matters during periods when the Humane Society is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that the Humane Society is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

804.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

Animal Control

804.4 DECEASED ANIMALS

When a member becomes aware of a deceased animal all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the public works department. Members will notify them as soon as practical.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

804.5 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

804.6 POLICY

It is the policy of the Loveland Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

804.7 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to animal cruelty and animal fights (ORC § 959.13; ORC § 959.15; ORC § 959.16).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

804.8 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

804.9 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

Animal Control

804.10 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Shift Lieutenant will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

804.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

Custodial Searches

902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Loveland Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

Custodial Searches

902.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Loveland Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Loveland Police Department identification number and information regarding how and when the property may be released.

902.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.5 STRIP SEARCHES

No individual in temporary custody at any Loveland Police Department facility shall be subjected to a strip search unless there is probable cause based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining probable cause include, but are not limited to:

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All detainees and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Loveland Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Loveland Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for his/her input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the annual evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Loveland PD Policy Manual

Evaluation of Employees

1001.4 EVALUATION FREQUENCY

Employees are evaluated based on the following chart:

Position	Evaluated Every Quarter	Evaluated Yearly	Length of Probation
Probationary Sworn Employees	X	X	1 Year
Non-Probationary Sworn Employees	X	X	1 Year
Probationary Non-sworn Employees	X	X	1 Year
Non-Probationary, Non-sworn Employees	X	X	1 Year

1001.4.1 VOLUNTEER EVALUATIONS

Volunteer evaluations are covered in the Volunteers Policy.

1001.5 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular employees. An evaluation will be completed quarterly for all fulltime nonsworn personnel during the probationary period. Probationary sworn personnel are evaluated daily, weekly and monthly during field training.

1001.6 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - An employee performance evaluation shall be completed once each year by the employee's immediate supervisor on or near the anniversary of the employee's date of hire, except for employees who have been promoted, in which case an employee performance evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed anytime the rater or the rater's supervisor determines one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (e.g., action plan, remedial training, retraining). The evaluation form and the attached documentation shall be submitted as one package.

1001.6.1 RATINGS

The definition of each rating category is as follows:

Evaluation of Employees

Far Exceeds Requirements (FE) Actual performance that is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary. **Exceeds Requirements (E)** Represents performance that is better than expected of a fully competent employee. It is superior to what is expected but is not of such rare nature to warrant outstanding. **Meets Requirements (M)** Performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position. **Below Requirements (B)** A level of performance less than that expected of a fully competent employee and less than the standards required of the position. A needs improvement rating must be thoroughly discussed with the employee. **Far Below Requirements (FB)** Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated. Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1001.7 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the recently completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Employees may also write comments in the employee comments section of the performance evaluation report.

1001.8 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the Section Lieutenant. The Section Lieutenant shall review the evaluation for fairness, impartiality, uniformity and consistency. The Section Lieutenant shall use the quality of performance ratings prepared as a factor to evaluate the supervisor.

1001.9 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the employee's tenure. A copy will be given to the employee and a copy will be forwarded to City Personnel Department.

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1003.2 POLICY

The Loveland Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. All members shall further promptly notify their immediate supervisor in writing if the member becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on paid or unpaid administrative leave, reassignment and/or termination.

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Lieutenant or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1005.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Drug- and Alcohol-Free Workplace

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

An Employee Assistance Program (EAP) is available to all employees, full- and part-time, and their family and household members, irrespective of whether they are enrolled in the City's health insurance program. The EAP provides confidential, short-term personal counseling for a range of personal, emotional, family, and financial issues. Employees are encouraged to contact the EAP if they need help in any of these areas. The EAP can be reached by calling 1-800-523-5668.

Employees should contact the Human Resources manager or the employee assistance program (EAP) for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the the supervisor may ask the person whether he/she has consumed any alcohol or other drugs and, if so the amount and type of alcohol or other drug consumed and the time of consumption, and the name of the person who prescribed the controlled substance. If the supervisor reasonably believes, based on objective facts, that any personnel is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the personnel from continuing work and shall transport him/her or cause him/her to be transported safely away from the Department.

An officer in charge who reasonably believes, based upon objective facts, that an employee's ability to perform his/her duties safely and efficiently may be impaired by the consumption of alcohol or other drugs shall contact a supervisor immediately.

1005.7 REQUESTING SCREENING TESTS

A supervisor may request an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

Drug- and Alcohol-Free Workplace

- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person or substantial damage to property.

1005.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and state law (29 USC § 2601 et seq.; ORC § 124.38 et seq.).

1006.2 POLICY

It is the policy of the Loveland Police Department to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION

All members should notify the Shift Lieutenant or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1006.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return

Sick Leave

to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1006.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Personnel Department as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include but are not limited to hepatitis B virus (HBV), HIV, and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (i.e., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Loveland Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred).

1007.2 POLICY

The Loveland Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) that is appropriate for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff 136).
 - 2. Employment risk standards (OAC § 4167-3-03 et seq.).

Communicable Diseases

3. Emergency temporary employment risk standards (OAC § 4167-3-02).
4. Bloodborne pathogen precautions (OAC § 4167-3-05).

The ECO should also act as the liaison with the Ohio Public Employment Risk Reduction Program (PERRP) and may request voluntary compliance inspections. The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area of department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing, portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

Communicable Diseases

1007.5 POST EXPOSURE

1007.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practical.

1007.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) The potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., cleanup and notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Illness and Injury Reporting and the Illness and Injury Prevention policies).

1007.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

Loveland Police Department

Loveland PD Policy Manual

Communicable Diseases

1007.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1007.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Submitting a complaint to compel testing under ORC § 3701.247.
- (c) Requesting notification from a medical facility under ORC § 3701.248.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1007.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1007.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

1007.8 DEPARTMENT DESIGNATION

The Department designates the Investigative Lieutenant as the Exposure Control Officer under this policy.

Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Loveland Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY

The Loveland Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (ORC § 3794.02).

Personnel Complaints

1009.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Loveland Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.2 POLICY

The Loveland Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1009.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1009.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Lieutenant is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Lieutenant, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Lieutenant, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Personnel Complaints

1009.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1009.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1009.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1009.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1009.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1009.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

Personnel Complaints

1009.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Shift Lieutenant of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Section Lieutenant or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Lieutenant.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Lieutenant and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Personnel Department and the Shift Lieutenant for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Shift Lieutenant, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

Loveland Police Department

Loveland PD Policy Manual

Personnel Complaints

- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1009.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Lieutenant, the following applies to employees:

- (a) Interviews of an accused employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Loveland Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) Prior to any interview, an employee should be informed of the nature of the investigation.
- (e) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (f) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the employee in a criminal matter only after the employee has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview.
- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

Personnel Complaints

- (j) All employees shall provide complete and truthful responses to questions posed during interviews.
- (k) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1009.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1009.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

Personnel Complaints

1009.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

1009.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1009.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1009.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1009.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

Loveland Police Department

Loveland PD Policy Manual

Personnel Complaints

The Loveland Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1009.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1009.10.1 SECTION LIEUTENANT RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Section Lieutenant of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Section Lieutenant may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Section Lieutenant may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Section Lieutenant shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1009.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Section Lieutenant for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Personnel Complaints

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1009.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1009.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1009.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1009.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

Personnel Complaints

1009.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate (see also the Temporary Modified-Duty Assignments Policy).

1009.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1009.16 STATE REPORTING REQUIREMENT FOR SUSPENSIONS

The Chief of Police or the authorized designee shall notify the Director of Public Safety in writing of an officer's suspension and the cause of the suspension (ORC § 737.12).

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in Department vehicles.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child Restraint System - An infant or child passenger restraint system that meets federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (ORC § 4513.263).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Seat Belts

1010.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

1010.6 POLICY

It is the policy of the Loveland Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1010.7 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORC § 4511.81).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the Loveland Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF SOFT BODY ARMOR

The Chief of Police or his designee shall ensure that body armor is issued to all officers when the officer begins service at the Loveland Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice for most handgun bullets.

The Chief of Police or his designee shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR

The Department requires all on-duty officers assigned to the field whose primary duty/function is to answer calls for service and/or act as the primary responding unit for emergency calls wear agency approved body armor. This pertains to sworn personnel regardless of rank, title, or position when they are assigned to the field. All officers will wear the body armor with both front and back ballistic panels inserted. Body armor shall be worn when taking part in Department range training. When officers are assigned to a SWAT operation, stakeout, service of an arrest warrant or are serving a search warrant at a location where there is reason to believe a suspect may be present, the wearing of body armor is mandatory, whether working field activities or otherwise. Wearing body armor is mandatory at all times except as indicated below. Exempt officers will have their body armor ready at hand while on duty.

Exceptions may include, but are not limited to, investigations, undercover activities, and specialty vehicle operations in which wearing of body armor would inhibit the officer operational activities. In addition, officers are not required to wear body armor inside the Loveland Police Department building unless they are interacting with a member of the public or arrestee.

An exemption may be approved for a medical condition which precludes the wearing of body armor. An officer requesting an exemption must submit a written request to the Police Chief. The officer must submit statement from a physician indicating that he/she has a medical condition that would preclude the wearing of body armor. The physician's specialty must be consistent with the diagnosis and treatment of the identified condition. Such exemptions must contain a date which

Loveland Police Department

Loveland PD Policy Manual

Body Armor

the officer may return to wearing the body armor, or in the case of a permanent condition, renewed annually prior to January 1st. The exemption may be renewed using the same process above.

Only the Police Chief may approve a body armor medical exemption.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1011.4 HARD BODY ARMOR

Hard Body armor, designed to protect officers from common rifles rounds, is available for officers to take on shift. Hard armor shall be taken out each shift by all on-duty officers assigned to the field whose primary duty/function is to answer calls for service and/or act as the primary responding unit for emergency calls. The hard armor carrier will be clearly marked "POLICE" on the front and back and contain (2) magazines with 30 rounds on ammunition for the department issued rifle. Officers will size the armor to fit their body at the beginning of their shift and keep it in the trunk vault, or the trunk if the vault is not available, while on patrol. Officers are not required to wear hard armor during normal patrol duties. Officers may choose to deploy hard armor when they reasonably anticipate an armed encounter, or other situations when the patrol rifle is deployed.

1012.2 REQUEST FOR CHANGE OF ASSIGNMENT

Personnel wishing a change of assignment are to request the change in writing. The form should then be forwarded through the chain of command.

1012.2.1 PURPOSE OF THE REQUEST

All assignments an employee is interested in should be listed on the request.

1014.3 SUPERVISOR RESPONSIBILITIES

- (a) A supervisor observing an employee, or receiving a report of an employee, who is perceived to be unable to safely perform his/her duties due to a physical, medical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
- (b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made to determine the level of inability of the employee to perform his/her duties.
- (c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- (d) In conjunction with the Shift Lieutenant or the employee's Section Lieutenant, a determination should be made whether the employee should be temporarily relieved from his/her duties.
- (e) The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.

Fitness for Duty

1014.4 NON-WORK RELATED CONDITIONS

Any employee suffering from a non-work related condition that warrants a temporary relief from duty may be required to use sick leave or other paid time off in order to obtain medical treatment or other reasonable rest period.

1014.5 WORK-RELATED CONDITIONS

Any employee suffering from a work-related condition that warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Shift Lieutenant or unit supervisor and concurrence of a Section Lieutenant, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well-being of the employee and until such time as the following may be completed:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with policy and law.
- (b) If appropriate, the employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1014.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with the Personnel Department to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.
- (b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, list any functional limitations that limit the employee's ability to perform job duties. If the employee places his/her condition at issue in any subsequent or related administrative action or grievance, the examining physician or therapist may be required to disclose any and all information that is relevant to such proceeding.

- 30 hours in any two day (48-hour period)
- 84 hours in any seven day (168-hour period)

Except in very limited circumstances members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime and any other work assignments.

Meal Periods and Breaks

1015.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as reasonably possible, shall conform to the policy governing all City employees.

1015.1.1 MEAL PERIODS

Sworn employees shall remain on-duty subject to call during meal periods. There are no defined meal breaks for sworn employees.

Uniformed officers shall take their meals within the City limits, or within a reasonable distance from the city limits, unless on assignment outside of the City.

Non-sworn members will have a 30 minute meal break during their assigned shift.

Lactation Break Policy

1016.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1016.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to one year after the child's birth (29 USC § 207).

1016.3 LACTATION BREAK TIME

Employees wishing to express breast milk for their nursing child shall be permitted to do so during any authorized break. A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods. In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period are per se reasonable.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled break time will be considered unpaid.

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt Department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1016.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its original state after each use.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Loveland Police Department

Loveland PD Policy Manual

1016.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such. No expressed milk shall be stored at the Department beyond the employee's shift.

Time Sheet Procedures

1017.1 PURPOSE AND SCOPE

Time sheets are submitted to Administration on a biweekly basis for the payment of wages.

1017.1.1 RESPONSIBILITY FOR COMPLETION OF TIME SHEETS

Employees are responsible for the accurate and timely submission of time sheets for the payment of wages.

Employees will submit all overtime and time off forms with the time sheet.

1017.1.2 TIME REQUIREMENTS

All employees are paid on a biweekly basis usually on Thursday with certain exceptions, such as holidays. Time sheets shall be completed and submitted to the Chief of Police no later than 8:00 a.m. on the Tuesday morning at the beginning of the next pay period, unless specified otherwise.

Overtime Payment Requests

1018.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate nonexempt employees who work authorized overtime either by payment of wages as agreed and in effect through the collective bargaining agreement, or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit the bi-weekly pay sheet with all overtime earned accurately and correctly recorded on the proper line of pay sheet.

1018.1.1 DEPARTMENT POLICY

Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Nonexempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable.

The individual employee may request compensatory time in lieu of receiving overtime payment. The employee may not exceed the number of hours identified in the collective bargaining agreement.

1018.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests on the appropriate bi-weekly pay sheet and forward to the Chief. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1018.2.1 EMPLOYEE RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor.

1018.2.2 SUPERVISOR RESPONSIBILITIES

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's pay sheet, the pay sheet will be forwarded to the Chief on the appropriate day of the pay week.

1018.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the collective bargaining agreement provides that a minimum number of hours will be paid, (e.g., three hours for court). The officer will enter the actual time worked.

1018.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

Outside Employment

1019.1 PURPOSE AND SCOPE

To avoid actual or perceived conflicts of interest for Department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy, the City of Loveland Policies and Procedures and the collective bargaining agreement.

1019.1.1 DEFINITIONS

Definitions related to this policy include:

Outside Employment - The employment of any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, products or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, products or benefits rendered.

Extension of Police Service - Off-duty utilization of those powers and training as provided to a police officer by the City of Loveland for the purpose of enforcing the laws, preserving the peace, effecting arrest, traffic control, etc.

These off-duty extensions of police service are of two categories:

Uniform - Any off-duty details requiring the wearing of the police uniform and therefore could require the taking of police actions described above

Non-uniform - Activities that could be expected of an on-duty plain clothes officer where he may be expected to detain an individual or effect an arrest, such as store activity, robbery, surveillance, escort, etc.

1019.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the employee must complete an Outside Employment Request Form that shall be submitted to the employee's immediate supervisor. The application will then be forwarded through the appropriate chain of command to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar

Outside Employment

year in which it is approved. Any employee seeking to continue outside employment shall submit a new application in a timely manner.

Any employee seeking approval of outside employment whose request has been denied shall be provided with a written reason for the denial of the application at the time of the denial and within 30 days of the application.

1019.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's application is denied the employee may file a grievance pursuant to the procedure set forth in the current collective bargaining agreement if the current agreement covers outside employment.

1019.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

The outside employment may be revoked:

- (a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency, and the outside employment may be related to the employee's performance. The Chief of Police may, at his/her discretion, notify the employee of the intent to revoke any previously approved outside employment permits. The revocation will remain in force until the employee's performance directly related to the outside employment has been reestablished to the minimum level of acceptable competency.
- (b) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of Department policy, or any law.
- (c) The outside employment creates an actual or apparent conflict of interest with the Department or City.

1019.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any application submitted by an employee seeking to engage in any activity that:

- (a) Involves the employee's use of Department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

Loveland Police Department

Loveland PD Policy Manual

Outside Employment

- (d) Involves time demands that would render performance of the employee's duties for this department below minimum standards or would render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.
- (e) Any employment by a licensed liquor permit holder, which includes the sale or handling of intoxicating beverages and/or security of the permit premises. The exception is for security of the permit premises only, if a temporary permit is issued to a charitable organization for a non-continuing affair such as a picnic, festival, or fair, which is open to the public in general.
- (f) Employment by, or interest in, any vending machine company or service. This shall not prohibit any person from purchasing, renting, leasing, vending machines for use in his private off-duty employment.
- (g) Employment by credit agencies for the purpose of investigations, repossession of automobiles and/or collection of accounts or bad debts.
- (h) Pre-employment investigations for private industry.
- (i) Any type of work related to bail-bonding.

1019.3.1 OUTSIDE SECURITY EMPLOYMENT

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a request to the Chief of Police in advance of the desired service. Such outside employment will be monitored by the patrol supervisor.

If such a request is approved, any employee working outside overtime shall be subject to the following conditions:

- (a) The officer shall wear the Department uniform/identification.
- (b) The officer shall be subject to all the rules and regulations of this department.
- (c) No officer may engage in such outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
- (d) Compensation for such approved outside security services shall be pursuant to the rate set forth by the Chief of Police.

Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related City-wide illness- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1020.3.3 SECTION LIEUTENANT RESPONSIBILITIES

Work-Related Injury and Illness Reporting

1020.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Personnel Department. The Chief of Police should ensure that incidents involving seven days or more of total disability or death are immediately forwarded to the Personnel Department so that timely reporting to the Ohio Bureau of Workers' Compensation may be accomplished (ORC § 4123.28; OAC § 4123-3-03).

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1020.5 SETTLEMENT OFFERS

When a member sustains an occupational illness or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational illness or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the illness or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation for the illness or injury is not affected.

1026.3 GENERAL CONSIDERATIONS

Priority consideration for transitional work assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Ohio Civil Rights Act shall be treated equally, without regard to any preference for a work-related injury (ORC § 4112.01 et. seq.).

No position in the Loveland Police Department shall be created or maintained as a transitional work assignment.

Transitional work assignments are a management prerogative and not an employee right. The availability of transitional work assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Transitional work assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in transitional work assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

1026.4 PROCEDURE

Employees may request a transitional work assignment for short-term injuries or illnesses.

Employees seeking a transitional work assignment should submit a written request to the Section Lieutenant. The request should, as applicable, include a certification from the treating medical professional containing:

- (a) An assessment of the nature and probable duration of the illness or injury.

Transitional Work Assignments

- (b) The prognosis for recovery.
- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
- (e) A statement that the employee can safely perform the duties of the transitional work assignment.

The Section Lieutenant will make a recommendation through the chain of command to the Chief of Police regarding transitional work assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

1026.5 ACCOUNTABILITY

Notification of assignments, work schedules and any restrictions should be provided to employees assigned to transitional work assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Section Lieutenant.

1026.5.1 EMPLOYEE RESPONSIBILITIES

The responsibilities of employees assigned to transitional work shall include, but not be limited to:

- (a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.
- (b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.
- (c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
- (d) Submitting a written status report to the Section Lieutenant that contains a status update and anticipated date of return to full-duty when a transitional work assignment extends beyond 60 days.

1026.5.2 SUPERVISOR RESPONSIBILITIES

The employee's immediate supervisor shall monitor and manage the work schedule of those assigned to transitional work.

The responsibilities of supervisors shall include, but not be limited to:

- (a) Periodically apprising the Section Lieutenant of the status and performance of employees assigned to transitional work.
- (b) Notifying the Section Lieutenant and ensuring that the required documentation facilitating a return to full duty is received from the employee.

Transitional Work Assignments

- (c) Ensuring that employees returning to full duty have completed any required training and certification.

1026.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1026.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a transitional work assignment.

1026.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1026.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a transitional work assignment shall have their probation extended by a period of time equal to their assignment to transitional work duties.

1026.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to transitional work shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to transitional work shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Performance History Audits

1027.1 PURPOSE AND SCOPE

Performance History Audits are collections of data designed to assist supervisors in evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for and must be carefully balanced with the many variables in law enforcement, such as:

- An officer's ability to detect crime
- An officer's work ethic
- An officer's work assignment and shift
- An officer's physical abilities, stature, etc.
- Randomness of events

1027.2 RESPONSIBILITIES

Under the authority of the Chief, the Captain is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each officer to the appropriate Supervisor.

1027.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance History Audit will include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

1027.4 PERFORMANCE INDICATORS

Performance indicators represent the categories of employee performance activity that the Chief of Police or a designee of Loveland Police Department has determined may be relevant data for the generation and analysis of Performance History Audits. Performance indicators may include, but are not limited to:

- (a) The frequency and findings of use-of-force incidents.
- (b) Frequency of involvement and conduct during vehicle pursuits.
- (c) Frequency and findings of citizen complaints.
- (d) Number of commendations, compliments and awards (citizen and Department).

Performance History Audits

- (e) Claims and civil suits related to the employee's actions or alleged actions.
- (f) Canine bite incidents.
- (g) Internal affairs investigations.
- (h) Frequency and reasons for case rejections by a prosecutor.
- (i) Intentional or unintentional firearm discharges (regardless of injury).
- (j) Vehicle collisions.
- (k) Missed court appearances.
- (l) Documented counseling memos.

1027.5 COMPILATION OF DATA

The Professional Standards Lieutenant will utilize secure systems and other methods to compile and track performance indicators for each officer during each quarter in order to prepare Performance History Audit Reports.

1027.6 DATA ANALYSIS AND ACTION

Upon receipt, the Section Lieutenant will review each Performance History Audit Report and determine whether it should be provided to an officer's immediate supervisor for further consideration. The officer's immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Section Lieutenant of such recommendation. If the Section Lieutenant concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a Performance History Audit, the officer shall be entitled to all rights and process set forth in the Personnel Complaints Policy.

1027.7 RETENTION AND PURGING

All Performance History Audits will be retained and purged according to the City of Loveland retention schedule and applicable law.

Employee Speech, Expression and Social Networking

1028.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1028.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to film, video, print media or public speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1028.2 POLICY

Because public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and negatively impact the performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public the Loveland Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1028.2.1 DIVISION MANAGED SOCIAL MEDIA

The Loveland Police Division strives to provide the public accurate and timely information, communicated in a professional manner, and in accordance with the laws and policies regarding public information. This section of policy provides guidelines for all external communications from the Police Division using various social networking mediums.

Only authorized members may create and use accounts on approved social media sites for the dissemination of information to the public. Social media includes text, images, audio, and video. Some examples of social media are:

Employee Speech, Expression and Social Networking

- Blogs, and micro-blogs such as WordPress and Twitter
- Social networks, such as Facebook and MySpace
- Professional networks, such as LinkedIn
- Video sharing, such as YouTube and vlogs (video weblogs)
- Audio sharing, such as podcasts
- Photo sharing, such as Flickr and Photobucket
- Social bookmarking, such as Digg and Delicious

Account names on social media sites must clearly be connected to the agency and approved by the Police Chief. Online activity during working hours or using agency equipment must be business related.

Guidance for General Social Media Postings

Members are personally responsible for the digital content they publish. Be mindful that what you publish will be public for a long time. Online communications must not negatively impact the reputation, goals, operations or mission of the Loveland Police Division.

All information must be respectful, professional and truthful. Corrections must be issued when needed. Personal opinions generally do not belong in official agency statements.

Social media must not be used to transmit information or knowingly connect to sites for an unlawful or prohibited purpose, including, but not limited to, the following examples:

- Discrimination on the basis of sex, race, creed, color, gender, religion, age, marital status, national origin, sensory, mental, or physical disability, sexual orientation or veteran status.
- Sexual harassment or sites containing sexual content.
- Transmission of obscene materials.
- Transmission of protected or private information.
- Infringement on any copyright.
- Expression of any campaign, political or religious beliefs.
- Conduct of a personal, outside business, or other financial benefit or gain.

1028.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Loveland Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, employee's family or associates or

Employee Speech, Expression and Social Networking

persons that this department has had professional contact with, such as crime victims or the staff of other organizations. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1028.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Loveland Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Loveland Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Loveland Police Department or its employees. Examples may include:
 - 1. Statements that indicate disregard for the law of the state or U.S. Constitution.
 - 2. Expression that demonstrates support for criminal activity.
 - 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Loveland Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department

Employee Speech, Expression and Social Networking

for financial or personal gain, data classified as confidential by state or federal law or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Loveland Police Department on any personal or social networking or other website or web page without the express authorization of the Chief of Police.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1028.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Loveland Police Department or identify themselves in any way that could be reasonably perceived as representing the Loveland Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support, or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website.

Additionally, when it can reasonably be construed that an employee acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Loveland Police Department.

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1028.5 PARTISAN POLITICAL ACTIVITY

Employees are restricted in partisan political activity based on the following (ORC § 124.57):

- (a) Classified employees are prohibited from engaging in political activity, directly or indirectly, orally or by letter, soliciting or receiving any assessment, subscription or contribution for any political party or for any candidate for public office. In addition, they may not solicit or receive any assessment, subscription, or contribution for any political party or for any candidate for public office.
- (b) Unclassified service employees are prohibited from participating in any political activity during duty time and from soliciting political contributions from any state employee.

1028.6 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1028.7 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1028.8 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Line-of-Duty Deaths

1029.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Loveland Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1029.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1029.2 POLICY

It is the policy of the Loveland Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1029.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Lieutenant and the Communications Center.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Chief of Police section of this policy).
- (b) The Shift Lieutenant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Lieutenant or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1029.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Lieutenant or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Loveland Police Department

Loveland PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Loveland Police Department members may be apprised that survivor notifications are complete.

1029.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1029.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Line-of-Duty Deaths

1029.6 LIAISONS AND COORDINATORS

The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

- (a) Department Liaison.
- (b) Hospital Liaison.
- (c) Survivor Support Liaison.
- (d) Critical Incident Stress Management (CISM) coordinator.
- (e) Funeral Liaison.
- (f) Mutual aid coordinator.
- (g) Benefits Liaison.
- (h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1029.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Section Lieutenant or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include, but are not limited to:

- (a) Directing the other liaisons and coordinators in fulfilling survivors' needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
- (b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
- (c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
- (d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
- (e) Coordinating all official law enforcement notifications and arrangements.
- (f) Making necessary contacts for authorization to display flags at half-mast.
- (g) Ensuring that department members are reminded of appropriate information—sharing restrictions regarding the release of information that could undermine future legal proceedings.
- (h) Coordinating security checks of the member's residence as necessary and reasonable.

Loveland Police Department

1029.6.2 HOSPITAL LIAISON

 - 1. The survivors and others whose presence is requested by the survivors.
 - 2. Department members and friends of the deceased member.

- (c) Ensure that survivors receive timely updates regarding the member before information is released to others.
- (d) Arrange for survivors to have private time with the member, if requested.
 - 1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
 - 2. The Hospital Liaison should accompany the survivors into the room, if requested.
- (e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (f) If applicable, explain to the survivors why an autopsy may be needed.
- (g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1029.6.3 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member's Section Lieutenant. The following should be considered when selecting the Survivor Support Liaison:

Loveland Police Department

Loveland PD Policy Manual

Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
- (b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.
- (c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.
- (d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
- (e) Returning the deceased member's personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
 - 1. Items should not be delivered to the survivors until they are ready to receive the items.
 - 2. Items not retained as evidence should be delivered in a clean, unmarked box.
 - 3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
 - 4. The return of some personal effects may be delayed due to ongoing investigations.
- (f) Assisting with the return of department-issued equipment that may be at the deceased member's residence.
 - 1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors' wishes.
- (g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.
- (h) Coordinating with the department's Chief of Police (PIO) to brief the survivors on pending press releases related to the incident and to assist the survivors with media relations in accordance with their wishes (see the Chief of Police section of this policy).
- (i) Briefing survivors on investigative processes related to the line-of-duty death, such as criminal, internal and administrative investigations.

Loveland Police Department

Loveland PD Policy Manual

Line-of-Duty Deaths

- (j) Informing survivors of any related criminal proceedings and accompanying them to such proceedings.
- (k) Introducing survivors to prosecutors, victim's assistance personnel and other involved personnel as appropriate.
- (l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).
- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1029.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

Natural Gas Leaks

1. **Contact the local natural gas utility immediately.**
2. **Park emergency vehicles away and upwind from the area.** Do not park over manholes or storm drains.
3. **Leave radios, pagers, cell phones, etc. in your vehicle** or turn them off before approaching the area. Even the smallest spark or flame can cause a gas explosion.
4. **Do not use doorbells, light switches, matches, and lighters,** and prevent their use by others. If you must use a flashlight, turn it on before approaching the area.
5. **Evacuate the area.** In residential areas, one house in every direction is the recommended minimum radius.
6. **Do NOT open windows and/or ventilate until the gas company advises.** Then, verify that occupants and personnel are out of the structure. Ventilate structures from top to bottom.

Natural Gas Fires

- **Let it burn.** Burning natural gas cannot explode. Evacuate the area and protect exposures.
- For structure fires, **shut off the gas supply at the service valve, meter or appliance supply line only if you can safely access them.** Never attempt to shut off natural gas main valves or relief vents.

Power Line & Transformer Safety

- **Keep yourself and your equipment AT LEAST 10 feet away from all power lines,** including the service drops that run from utility poles to buildings. Higher voltages require greater clearances.
- **Have a spotter monitor the placement of ladders** to ensure they remain a safe distance away from power lines when fully extended.
- **Never use a solid water stream** to fight fires near power lines.
- **In a substation or transformer fire,** your safest course of action is to let it burn. Evacuate the area and protect exposures.

Downed Power Lines/Vehicle Contact

Secure the area. **Keep yourself and the public AT LEAST 30 feet away** from fallen power lines and 100 feet away from large transmission lines. If a vehicle is involved, follow these steps:

1. **DO NOT enter, approach, or touch the vehicle.**
2. **Call the local electric utility.**
3. **Instruct the occupant(s) to drive the vehicle away from the line** if they can do so safely.
4. **If the vehicle cannot be safely moved, instruct the occupant(s) to stay inside until utility personnel give the all clear.** Staying in the vehicle is their best protection against electric shock and injury.
5. **If the occupant(s) are in imminent danger from fire or other hazards, stay away and instruct them to jump clear** without contacting the vehicle and the ground at the same time. They must land with feet together and shuffle away with small steps.
6. **Demonstrate the proper procedure from a distance.**
7. **If anyone in the vehicle is injured, disabled, or otherwise unable to safely exit the vehicle,** your incident commander will tell you how to proceed.

Training Bulletin

To: All Personnel
From: Tim Sabransky, Police Chief
CC:
Date: 5/4/2011
Re: General Reporting

This training bulletin is intended to give some guidance and direction when reporting incidents and offenses. There has been some discussion about what constitutes an aided case report as opposed to a non-criminal incident report. Using this training bulletin as a guideline should help in the reporting process.

Aided Case – a non-criminal incident in which we have contact with a person and have provided some type of assistance. For example, this could be an assist back to bed, helping a lost Alzheimer's patient, taking a sick person to the hospital if squad doesn't transport or a voluntary transport of a psychologically impaired person that has not threatened or attempted suicide.

When making this type of report, **DO NOT** select Aided Case as an offense type. In fact, when making an Aided Case or Non-Criminal Incident report, **DO NOT** select an offense type in the offense tab. Leave the Offense Type blank. By doing this it ensures that these reports will not be reported to the State through OIBRS. It will also prevent these reports from being counted as criminal offenses.

Non-Criminal Incident – an incident for which all the criminal elements of an offense are **NOT** present. This could be the property damage report that someone needs for insurance and there is no evidence of a criminal act such as a large tree limb falling on a vehicle. Or someone insists on some type of documentation for an incident that has no criminal elements. This is somewhat of a catch all report.

Make sure the radio button Type: **Incd** is selected for report information in the above reports. This makes sure that it is not counted as a criminal offense.

If you have an incident where you have established the elements of a criminal offense, go ahead and make an offense report. Even if after investigation there is not enough evidence for prosecution we can still close or unfound the offense later. The key is whether the elements of an offense are present.

If in doubt, talk to a supervisor and make the determination. If you think the report needs to be changed at a later date, it can be done by the Records Administrator.
