# This is Your Invitation...

Have you wondered how the city determines the order of roads to plow? Have you wanted to learn about the fire department or how a theater production comes together? Have you wanted to meet Loveland's K9 officer? If you answered "yes" to any of these questions, apply for Loveland University (Loveland U).

City Council is committed to finding ways to help residents understand how decisions are made and how to become more involved. Since 2019, Loveland U has accomplished these goals and more. This is your chance to get a behind-the-scenes look at the inner workings of the city and community organizations; network with your neighbors; and develop your community leadership skills.

Loveland U is a hands-on adult learning program. Each session analyzes topics; provides opportunities for dialogue; examines organizations' contributions and functions; and ultimately establishes a network of community caretakers — starting with you!
