- The City has reached out to Congressman Landsman's office for grant funding opportunities for residents. We continue to search and lobby for these funding opportunities.
- The City sent a mailer to all residents with PFAS info, including future progress and resources.
- Rapid Small Scale Testing and Isotherm Testing complete at AECOM Austin lab completed. Identified Norit GAC 400+ as most reliable, economical and dependable media.
- AECOM finished draft Basis of Design (BOD) Report, approximately 30% into design. Final report expected by end of month.
- Met with Center for Local Government to discuss the need for collaboration and power in numbers to push for funding.
- Pushing OPWC to allow water infrastructure projects to be funded. Follow up meeting in late February.
